Dem Shocked At Claim That Ike Backs McCarthy

Sen. Monroney Terms Report "Incredible," Marshall Attacked

BULLETIN
WASHINGTON (P)—Sen. Richard M. Nixon of California made it clear today he will support Sen. Joseph McCarthy of Wisconsin for re-election, if McCarthy is renominated and asks Nixon's backing.

WASHINGTON (P)—The chairman of the Democratic Speakers Bureau called "incredible" today a Republican counterpart's assertion that Gen. Dwight D. Eisenhower will support Sen. Joseph R. McCarthy.

Sen. A. S. Mike Monroney of Oklahoma issued this statement after Sen. Karl Mundt of South Dakota said on a radio program last night that Eisenhower will "endorse and campaign actively" for McCarthy if the latter is renominated by Wisconsin Republicans and if he asks for Eisenhower's help.

Mundt is co-chairman of the Republican campaign Speakers Bureau.

On the radio program, Mundt also said that Eisenhower, the GOP presidential nominee, will also campaign for Sen. James P. Kem of Missouri, Sen. William E. Jenner of Indiana and Sen. John W. Bricker of Ohio, Republicans who have not shared Eisenhower's foreign policy views.

Monroney said he finds it impossible to believe that Eisenhower would appear on the same platform with McCarthy because of the latter's attacks on Gen. George C. Marshall, who helped Eisenhower attain his five-star general's rank.

The Oklahoma senator noted that in a Senate speech McCarthy had accused Marshall of participating in "a conspiracy of infamy so black that when it is finally exposed, its principals shall be forever deserving of the maledictions of all honest men."

"Either Sen. Mundt hasn't read this scurrilous attack on Gen. Eisenhower's friend and sponsor or he fails to grant to his candidate any of the human loyalties of a friend for a friend," Monroney said.

"It is incredible that Gen. Eisenhower can embrace McCarthy, the author of this attack upon a great American. Gen. Eisenhower knows better than anyone else of Gen. Marshall's great service and patriotism to his country."

Monroney said "mere silence on Gen. Eisenhower's part will not absolve him from responsibility for Sen. Mundt's remarks."

Mundt, a member of the Republican Senatorial Campaign Committee, said he assumed McCarthy would be renominated and when he is Eisenhower, if invited, will go into Wisconsin and give him his "active support."

Kiwanis Told Reds' Policy In Austria

Oil and military advantage were the reasons given by Thomas E. Dixon of Keener Industries for Russia's failure to sign the Austrian peace treaty after six fruitless years of haggling when he spoke to Kiwanians at their meeting Thursday noon in the Memorial Building.

A native of England, Mr. Dixon, who served as economic advisor for the British high commissioner for Austria after World War II, said Nazi-developed oil wells have prompted the Russians to remain in that country to skim off about one and half million tons of the black fluid a year.

They also blasted treaty hopes to keep their troops there as a military link between eastern Europe and its far-flung satellite Czechoslovakia, Mr. Dixon said. Austria, he stated, was supposed to be a liberated country after World War II but the Russians moved in first and stripped it of material wealth. He said despite the hulk shadow of the hammer and sickle over the nation, its people have not turned communist.

In free elections carried on there Mr. Dixon commented, only four per cent of the people favored communism. John Rebenack was program chairman.

FINED FOR DRUNK DRIVING
Alvin L. Salyers, 33, of North Lima, arrested at 2 a.m. today on E. State St. and charged with drunken driving, was fined \$150 and costs by Mayor Harry M. Vincent.

GETS DEGREE AT 99—Edward D. Blackwell, 99, oldest former student of Rensselaer Polytechnic Institute, Troy, N. Y., looks with satisfaction at an honorary degree he received at special session of the Centennial of Engineering in Chicago. Blackwell entered Rensselaer in 1871, left three years later to enter business, retired 38 years ago. At age 22 he was denied life insurance as a "bad risk."

Canada Attempts To Unlock Ancient Mystery Of Sunspots

OTTAWA, Ont. (P)—Canada is making a new try at unlocking the mystery of sunspots, a subject that has fascinated and puzzled the people of the earth for centuries.

The dark patches on the blazing

D. G. Snyder, 31, Dies In Lisbon

Was Former Owner Of Area Bus Line

Donald G. Snyder, 31, of R. D. 2, Leetonia, former bus line operator, died suddenly at approximately 8:40 p.m. Thursday in the office of Dr. Wade A. Bacon in Lisbon.

Dr. Roy Costello of East Liverpool said death was due to a coronary occlusion after performing an autopsy this morning at the request of Columbiana County Coroner E. S. Sturgis.

Snyder had gone to the physician after thinking he had been poisoned by eating mushrooms. His wife, Mary, and their two children—Sheryl Ann, 4, and Larry George, 6—were taken to Salem City Hospital Thursday night as a precautionary measure.

Mr. Snyder, who was in a state of hysteria, was not admitted to the hospital. The children were expected to be released today.

All had eaten mushrooms Thursday evening at their home.

Snyder formerly operated the Snyder Coach Lines and also owned a fleet of school buses. He recently sold his business.

He was born Aug. 19, 1921 in East Liverpool, a son of George and Della McLaughlin Snyder. He was a World War II veteran, serving with the Marines in the Pacific. He was in the service from June, 1942 to September, 1945.

Besides his wife and children at the home, he leaves his mother, Mrs. Della Snyder of West Point, two brothers, Charles R. of West Point and William of East Liverpool, and two sisters, Mrs. Dorothy Smith and Mrs. Thelma Chamberlain, both of near Lisbon.

The body was removed to the Eells-Leggett funeral home in Lisbon. Arrangements are incomplete.

Lewis Gives Notice Contract Expiring

WASHINGTON (P)—Government officials said today that John L. Lewis has given formal notice that his contracts with the coal industry will expire at the end of September. This set up the possibility of a nationwide coal strike at that time.

The Taft-Hartley Labor Act requires the government be informed of a labor dispute at least 30 days before the work contract expires.

Lewis, president of the United Mine Workers Union, gave federal mediators the required notice that contractors with both the soft and hard coal industry will run out then, these officials said.

This could—as it has done before—precede a strike providing no agreement, on a new contract is reached by the end of September.

The notice was signed by the union's general counsel, Welly Hopkings.

Over 100,000 Expected At Ohio State Fair

School Children Welcomed At Today's Show In "Youth Day"

COLUMBUS, O. (P)—The gates of the Ohio State Fair swung open at 6 a. m. today and fair officials predicted more than 100,000 persons would tour the sprawling grounds by nightfall.

Today belonged to Ohio school youngsters and fair director Howard S. Foust gave them nearly one million free tickets to the eight-day exposition. He designated today as "Youth Day."

Special Parade Scheduled

Highlighting the celebration for Ohio youngsters was a special youth parade scheduled for 2:30 p. m., EST, on the race track.

The "Youth Day" had a special significance for farm youngsters. Today is the 50th anniversary of the founding of 4-H clubs, right here in Ohio.

Future Farmers of America willingly stepped into the background for today's activities to give their fellow club a hand. Next year, on the FFA's 25th anniversary, they will get the same cooperation.

Runs Through Friday

For the second time in its 100-year history the fair opened on Friday and runs through the following Friday. Last year the total opening day attendance was only 16,129.

Foust based his prediction of today's attendance on the million free tickets and the prospect of fair weather. The weatherman promised less humid weather with the high around 80 degrees.

But the special opening day isn't the only thing that will make this year's fair the biggest.

More than a million dollars worth of choice meat on the hoof is roving the range between eleventh and seventeenth avenues. Last year's entries are topped in everything.

Even though recent hog diseases took their toll in entries, this year there are 2,977 swine in the senior division compared to 3,024 last year—a difference of only 47.

Planes Blast Targets All Across Korea

SEOUL, Korea (P)—U. N. fighter-bombers today smashed Communist targets all across the Korean Peninsula. U. S. Sabre jets damaged two Russian-built MIG-15 jets.

On the ground, Allied soldiers repulsed two light Red assaults.

Twelve B-26 bombers staged a daylight raid on a Communist supply area at Anak, on the Haeju Peninsula, near the 38th Parallel in Western Korea.

On the east coast, Allied planes demolished five large warehouse buildings near Wonsan, the Air Force said.

Fighter bombers slashed at Red battle lines.

The Air Force said U. S. Sabre jets damaged two Russian-built MIG's from a formation of 16 was on a sweep that took the American planes within 30 miles of the bombed-out Suhoi power plant on the Manchurian border.

The new claims brought to 28 the number of Red jets damaged during August—in addition to 26 shot down and two others probably destroyed.

Swedish, U. S. Ships Collide; None Hurt

LONG BEACH, Calif. (P)—The Swedish motorship Stratus and the American steamship Coos Bay collided in fog off the Southern California coast early today, but both reported no casualties.

Although part of the Coos Bay crew took to life rafts, a Navy crash boat which reached the scene reported neither ship in sinking condition although there was a 15-foot hole in the port side of Coos Bay. Its engine room was flooded.

"There were no injuries or loss of personnel," the Navy craft radioed coast guard headquarters here.

The ships collided six miles east of Anacapa Island offshore from Ventura, Calif.

The Stratus reported she would stand by the Coos Bay until two tugs arrive to take her in tow. Then the Swedish vessel planned to proceed under her own power to the Los Angeles harbor, despite a damaged bow.

Both ships are cargo craft. The Coos Bay is a converted LST of 3,104 tons net. The Stratus is listed as 3,505.

53 Buildings Levelled As Fire Hazards Here

Ike Agrees To U. S. Intervention In Korean War

Statement May Bring Kick-Back Within Republican Ranks

DENVER (P)—Gen. Dwight D. Eisenhower's sharp disagreement with Korean War policy views voiced by some Republicans raised a question today whether he might get a kick-back within the party ranks.

The general coupled the criticism with an assertion that "real-terrible blunders" brought on the war—a direct jab at the Truman administration.

But he also said at a meeting of Midwestern Republican leaders at Kansas City, Kan., yesterday that:

1. Because of the "terrible blunders," this country had no choice but to intervene when the Communists attacked the South Koreans in June, 1950. If it had not done so, the general added, "we would already be involved in a very much greater and more serious thing than we are today."

But he said that "does not excuse the people that allowed the conditions to arise that brought about that emergency."

2. If the Allies attacked Red China, "we would be... starting another war far more difficult to stop than the one we are in now." And he said further that "no one I know has presented any feasible military plan for attacking China."

On that point, Eisenhower appeared to be taking direct issue with Gen. Douglas MacArthur and GOP members of Congress who have backed MacArthur's proposal that the Allies bomb Communist China's Manchurian bases north of the Yalu River.

Mac Backed Taft
MacArthur backed Sen. Robert A. Taft of Ohio for the GOP nomination, and Taft has supported MacArthur's proposed Korean War policies.

On the other point—Eisenhower's statement that the United States had no choice but to intervene in Korea, there also are some Republicans who hold a different view. They feel it was a great mistake to have made the move.

Eisenhower returned from the Kansas conference by plane last night after a two-day absence from his campaign headquarters. He made a speech in Boise, Idaho, Wednesday, and then flew to Kansas City for the session with GOP leaders from North Dakota, South Dakota, Iowa, Kansas, Nebraska and Oklahoma.

Aides said he plans a quiet day today and that he might try to get in some trout fishing or golf. He will fly to New York Sunday for an address the next day to the American Legion's national convention.

At Kansas City, the general used a campaign technique which delighted his associates—he invited questions at an open meeting.

They produced some of the sharpest criticism Eisenhower has leveled at the administration. Among other things, the general:

1. Declared the handling of wage-price controls and other emergency curbs has been "bungled in the past."

2. Said it was "indefensible for any member of the executive department to go up and down the land to criticize a Congress, which is after all the people of the United States." Truman lit into the Republican-controlled 80th Congress, calling it a do-nothing body, during his 1948 whistle-stop campaign.

3. Said he is going to fight as hard as anyone else against "maladministration, the complacency, the arrogance, the complete indifference apparently to dishonesty in government."

Lisbon And Columbiana Granted Sewage Permits
Lisbon and Columbiana were among the 82 communities granted sewage discharge permits by the Ohio Water Pollution Control Board today, it was announced.

Lisbon was one of 10 municipalities which already have approved plans for sewage treatment plants. The length of its permit is eight months, during which time the village must arrange the financing.

Columbiana received a 10-month permit with a request to eliminate excess storm water from sanitary sewage and to provide better reports on the operation of its plants.

"MYSTERY" MILK—In Pittsburgh, Pa., an unknown benefactor sends daily deliveries of milk to seven orphan children of Mr. and Mrs. Norman Gotron, Sr., who were killed in a Pennsylvania Turnpike accident. Loretta, above, 15-month-old baby of the family, drinks her morning milk.

Some Atomic City Residents Don't Envy Southern Ohioans

PADUCAH, Ky. (P)—Some folk in Paducah, the hometown of Alben Barkley and Irvin Cobb, don't envy those Southern Ohio residents around Portsmouth and Pike County.

They're still having repercussions from the government's decision to put up an atomic energy plant near Paducah.

Back in early 1951, when the Atomic Energy Commission announced that little Grahamville, 18 miles from here, had been selected as the site for a gaseous diffusion plant, a chain-like reaction began.

Those who had been spending their time playing around with the big catfish in the Ohio River suddenly became prosperous with new construction employment at the plant.

Farmers who had been using mules for years to plow their soil sold them for dog meat and bought new tractors.

If things go in Southern Ohio like they did here, the current wave of excitement will be followed by job seekers, promoters, speculators, drifters, gamblers, prostitutes and assorted other types, some good, some bad.

If the Ohio pattern follows Paducah's, you'll see:

Soda counter help leave their stands for jobs at the atom plant, household help get work as clerks and clerks become atomic workers.

Some farmers will leave their fertile fields for "factory work" to take jobs as carpenters and assistant metal workers; room will become hard to find, apartments will bring premium prices, and shacks without electricity and running water will rent for \$50 a month.

Trailer courts will grow like weeds and pasture lands will be developed into housing projects; restaurants will be overcrowded; telephone service may be slow, and patience thin.

License plates from Maine to California, Alaska to Florida, Tennessee and Kentucky mountain folk will mingle with Southern Ohioans in vying for parking places.

While Portsmouth will probably feel the impact mostly, nearby towns will have their share of growing pains.

Along with the prosperity will come nerve-shattering problems. Portsmouth—if comparison with Paducah holds—will have to expand its housing, schools, hospitals, and recreational facilities to take care of the extra thousands.

Airport facilities will have to be built.

Kills Wife, Self
WARREN — Married only 10 months ago, Steve Mikas, 72, retired steelworker of nearby McDonald, last night killed his wife, Barbara, 62, and later hanged himself in a shed in the rear of the family garage, Police Chief Harper Rudge of McDonald reported today.

Woman Dies Of Injuries
ALLIANCE, O. (P)—Mrs. Daisy Kruse, 76, of Hometown, Ill., died in City Hospital today of injuries she received in a two-car collision Thursday at the intersection of Routes 80 and 172, eight miles south of here.

State Aids In Fire Department Safety Program

32 Other Structures Are Ordered Repaired In Last 18 Months

Prompted by reasons of safety, rather than beauty, the City of Salem is gradually acquiring a new facade.

During the past 18 months, 33 buildings, classified as fire traps or hazardous to nearby property, have been torn down on orders of the State Fire Marshal.

Thirty-two additional buildings have been repaired to conform with prevailing fire laws, with 16 others scheduled for repairs in the near future. Twelve more structures remain on the "tear down" list.

Embarked on a policy of fire prevention and the reduction of fire losses in the city, the Salem Fire Department has been working hand in hand with officials of the state department.

Pete Webb, assistant state fire marshal in this territory, and Thomas Cartwright, state factory building inspector, have cooperated fully with Fire Chief Clarence W. Wright in the pursuance of his campaign. Fire Marshal H. J. Callan, prior to his recent death, and O. B. Grove, former assistant state fire marshal, also aided the local department.

"Tear down" or "repair" orders are issued at least 30 days before the demanded date of compliance. When the time limit set imposes a hardship on the property owner the period is usually extended if so requested, Chief Wright said today.

Property owners questioning the judgment of his department in verdicts handed down following inspections may appeal to the State Fire Marshal's office for revisions of the orders. However, most dubious buildings have already been inspected by representatives of that office prior to the issuance of the orders, Chief Wright said.

The structures torn down here in the past year and one-half range from the old, four-story Colonial Hotel on E. State St. to decrepit barns.

Besides the razing of dangerous buildings, the fire department has proceeded along several other lines to insure greater protection to life and property, and a probable lowering of fire insurance rates here.

Four additional miles of alarm wire have been strung in the city, and two new alarm boxes, at the Central Clinic and the Brosius Engineering Co., have been incorporated in the department's fire control system.

Seven additional alarm boxes will be set up soon, one each at Salem City Hospital and the C. B. Hunt and Son Co., and five in the mercantile district. Each alarm box is checked monthly.

Seven new fire hydrants have been installed in the community with six more scheduled to be installed in the near future. Fire hydrants are tested at least three times a year.

Periodic inspections are conducted of all public building, churches, gasoline stations and public schools. Home owners may avail themselves of a full fire inspection of their properties by requesting such action of the department.

Fire losses in the city to date this year amount to approximately \$4,500, as compared to the \$49,000 in property damages caused by fires last year. So far in 1952, firemen have answered 130 alarms in the city, and in Perry and Salem Townships.

Names To Be Drawn For Jury Service
LISBON—Some 200 names of county residents will be drawn Wednesday for jury service during the September term of court which opens Sept. 15.

Fifty will be ordered to report Sept. 16 as prospective members of the grand jury. Fifteen will be seated on the grand jury to study criminal matters.

The other jurors will be called for petit jury duty.

Stevenson Ends Wisconsin Rest

Schedule Of Speeches Begin Next Week

MINOCQUA, Wis. (AP) — Adlai E. Stevenson, appearing rested and relaxed, will leave his secluded Northern Wisconsin vacation retreat late today and plunge into preparations for a hard-driving campaign.

The Democratic presidential nominee has charted a bulging schedule of speeches starting next week.

In New York Aug. 27-28, he is slated to speak before the American Legion, the Democratic State Convention and the convention of the Liberal party of New York.

And for his campaign kickoff on Labor Day, he is planning five speeches in Michigan.

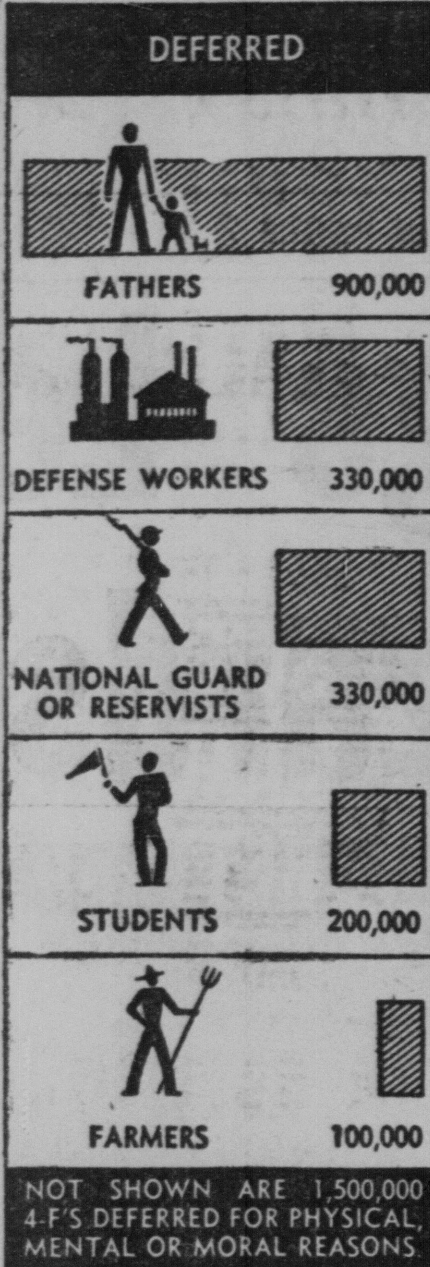

Besides a major speech at noon in Detroit, he will deliver brief talks at Grand Rapids, Flint, Pontiac, and Hamtramck, a Detroit suburb.

The main address — one in which he will discuss his views on labor-management relations and legislation in this field — will be to an open-air audience in Detroit's Cadillac Square. The talk will be at the joint invitation of the CIO and AFL and will be telecast nationally by the Columbia Broadcasting System.

Except for two news conferences, the Illinois governor has remained mostly in seclusion since he arrived Tuesday at this sumptuous North Woods lodge on Lake Kawaguchi, owned by a Republican friend, Dr. Clark Finnerud of Chicago.

He has done a little speech drafting, fishing, boating and just plain loafing.

At his news conference yesterday, Stevenson said that Dwight D. Eisenhower, the Republican presidential nominee, appears to be a "me-too" candidate who approves

MAY DRAFT DADS—Selective Service Director Maj. Gen. Lewis B. Hershey predicts a possible draft of fathers when and if draft demands exceed the supply of 18½-year-olds available each year. This year's need is put at 610,000 men by the Defense Department. The Army states that draft quotas will near the 54,000-a-month mark by October. Newschart above shows current deferred groups, with fathers far outnumbering any others.

most of the Democratic legislation of the past 20 years.

He also said he will open his Western tour with a speech Sept. 5 in Denver and then go into Montana and Wyoming before appearing in the Pacific Northwest, California and the Southwest.

He said he expects to campaign in the South but that details have not been worked out.

Lewis Asked To Turn In Pay During "Memorial"

SHENANDOAH, Pa. (AP) — A United Mine Workers union local wants John L. Lewis and other UMW officials to turn over their salaries during the UMW's "memorial" work holiday to the union's health and welfare fund.

Referring to the holiday which starts next week for the nation's coal miners, the local stated in a letter to Lewis that "we can't even collect unemployment compensation, thanks to our leaders who have blocked every avenue of income."

The letter also demanded that "the local unions have a say in their own affairs." In requesting that union officials turn over their salaries, the letter pointed out that the union members must continue to pay dues during the holiday.

Aly Khan Enroute For Chicago Without Rita

HOLLYWOOD (AP) — Prince Aly Khan was on his way to Chicago today after a week-long visit with his estranged wife, Rita Hayworth, and their tiny daughter, Yasmin. Rita was not at the airport when the plane took off.

Although Hollywood rumors had it that the prince's visit was an attempt to patch up differences, Aly and Rita steadfastly refused comment on any reconciliation.

The Moslem prince will be met in Chicago by John Galbreath, Pittsburgh Pirates owner, and fly in Galbreath's private plane to Louisville. They will visit Kentucky horse breeding establishments.

OPS Sues Bakery For Overcharge On Bread

CLEVELAND (AP) — The Office of Price Stabilization today sued the Continental Baking Co. of Toledo for \$58,319.82.

OPS claimed the firm had been overcharging on bread for nine months by one-half to one cent a loaf. Actual overcharges, said OPS in a suit filed in federal court in Toledo, amounted to \$19,439.94.

However, the suit asked the larger figure because of the treble damage penalty.

Anthony Eden To Confer With Tito

LONDON (AP) — British Foreign Secretary Anthony Eden will confer in Belgrade next month with Yugoslav Premier Marshal Tito. Informal sources say he will take up the touchy Trieste question.

British and American officials are known to be worried about the danger-point relations between Italy and Yugoslavia over eventual control of the disputed international territory on the Adriatic.

A Foreign Office announcement today said Eden will visit the Yugoslav capital from Sept. 17 to 23. He will spend five days after that in Vienna.

The agenda of the Belgrade talks also will include Yugoslavia's relations with Turkey and Greece, the southern anchor nations of the Western European defense setup.

Tito's announced hopes for defensive co-operation with his two Balkan neighbors has stirred U. S. and British interest, as evidenced by the recent visit to Belgrade of U. S. Army Secretary Frank Pace Jr.

Harriman Withdraws As Senate Candidate

NEW YORK (AP) — Averell Harriman has accepted the chairmanship of the Democratic party's New York State Convention here next week and withdrawn as a senatorial possibility.

Harriman announced his decision yesterday, after Democratic State Chairman Paul E. Fitzpatrick made public a letter asking Harriman to preside at the convention.

At the convention, on Aug. 28, the Democrats will choose their candidate for U. S. senator from New York.

Fitzpatrick said he asked Harriman, mutual security director, to take the chairmanship post after consultation with state party leaders.

In accepting the invitation, Harriman said, "I cannot run for the Senate as the chairmanship position bars me from running."

Hancock Workers Strike At Toronto

STEUENVILLE, O. (AP) — Two hundred employees of the Hancock Manufacturing Co. were striking today at Toronto, O., and New Cumberland, W. Va.

The strikers, represented by the CIO-United Steelworkers, said they wanted the same kind of a contract won by the basic steel employees.

The company said that at a meeting Wednesday night it offered a five cent hourly raise. This was rejected.

Lou Seese, manager of the plant, said the employees had been working since Jan. 31, 1952, without a contract.

Justice Of Peace Sues Mayor For \$10,000

STEUENVILLE, O. (AP) — Justice of the Peace Carl R. Huffman of Brilliant, O., sued the mayor of his town for \$10,000 today. He said Mayor Theodore V. Oltmann beat him up last Tuesday.

The argument, said Huffman's Common Pleas assault and battery suit, was over a number of traffic violation fines that he, Huffman, had been imposing on motorists.

He said the mayor "maliciously assaulted" him on the face, head and body.

Former Residents Here Recover After Mishap

Mrs. Eva Maeder and her daughter, Miss Beatrice Maeder of 333 Harter Ave. NW, Canton, former Salem residents, are recovering at their home from the effects of an auto accident east of Bucyrus Aug. 9.

Both Mrs. Maeder and her sister, Mrs. Cora Pettis of Alliance, who also was a passenger in the Maeder car, were injured and hospitalized in the hospital there. The car, which was demolished, skidded on the wet pavement and left the road, stopping after ramming two fence posts.

Mrs. Maeder suffered shock, lacerations of the hands and face, cracked ribs. Her sister, who had a fractured left ankle and other injuries, also is home in Alliance. Miss Maeder was shaken up.

New Drug Announced

NEW YORK (AP) — A pharmaceutical company has announced development of a new antibiotic combination it says brings a high cure rate in infectious diarrhea of infants and children.

The product is known as neobacin, a combination of neomycin and bacitracin.

The company, C. S. C. Pharmaceuticals, a division of the Commercial Solvents Corp. said yesterday that the combination had been given in hospital tests to children ranging in age from five days to four years.

The announcement said diarrhea subsided quickly and fever soon disappeared when neobacin was given.

Many astronomers now believe that stars are continually being born while others die, says the National Geographic Society.

Kashmir Ends Rule Of Nation By Maharajahs

NEW DELHI, India (AP) — Kashmir is ditching its hereditary maharajahs for an elected chief of state to govern the disputed North Indian land.

The Indian radio announced yesterday that Kashmir's Constituent Assembly had unanimously adopted a resolution ending hereditary rule by the family of its maharajah, Sir Hari Singh.

Ohio Soldier Killed, 3 Hurt In Mishap

FORT KNOX, Ky. (AP) — A soldier from Findlay, O., was killed and three other persons injured in an automobile-truck collision on U. S. 31-W early Thursday.

Pvt. Robert R. Stall died in the crash and two friends were returning to this military post from Louisville, where they had celebrated his 21st birthday Wednesday.

Pvt. Leonard J. Bonosky, 22, Bridgeville, Pa., and Pvt. Robert B. Hunt, 21, Toledo, O., were injured.

Record Taxes Taken In By Government

WASHINGTON (AP) — A record \$64,971,210,298 was collected by the Internal Revenue Bureau in taxes and social security contributions during the fiscal year which ended June 30.

This was about 14½ billion dollars more than in the previous 12 months. In addition, federal agencies other than the revenue bureau took in \$2,364,500,000 for fiscal 1952.

In the 1953 fiscal year, which started July 1, President Truman has estimated collections will total about 75 billion dollars.

These gross figures do not include billions of dollars refunded to taxpayers or set aside for social security payments. Refunds and set-asides in fiscal 1952 cut the figure about \$5,871,000,000. The estimate for fiscal 1953 is expected to drop about \$6,200,000,000 when refunds and set-asides are counted.

The U. S. Department of Agriculture has planned a healthful low income diet which includes only 39 pounds of meat annually per person.

FALL SEEDING + Scott's
= Beautiful Lawn at Modest Cost

Nature cooperates—makes NOW the favored time to fix up old lawns or build new lawns. First apply TURF BUILDER to feed grass, then sow Scott's SEED to provide a luxurious carpet of perennial grass.

Scott's LAWN SEED

Arbaugh's Convenient Budget Terms

ANNOUNCEMENT

We are opening soon — A Gift Department featuring exclusive Californian Gift selection ware. We are stocking that certain accessory for that new ranch-type home — which up to now you haven't been able to purchase any place near this part of the country. Also we think we now have purchased that certain unusual gift for that person who just has everything.

To make room for this large department we are closing out at once, all appliances on hand. And of course we have only carried nationally advertised merchandise. We are unable to print any names because of Fair Trade Laws, but we are offering bargains that Salem has never seen before on appliances. Buy your Christmas gifts now and save. Terms can be arranged on all sales.

Everything in our store goes on sale regardless of what it is. We must make room! Savings from 10 to 50%. Listed here below are a few items:

Ike, Stevenson Both Endorse Farm Produce Price Supports

WASHINGTON (AP) — Farmers may find little difference in the views of the two major presidential candidates on the question of price supports for agricultural commodities.

School Seen In Tight Squeeze

More Pupils, Less Teachers Reported

WASHINGTON (AP) — The nation's schools were reported today to be caught in a vise—more pupils on one side and fewer teachers and less space on the other.

The National Education Association (NEA) told of the double-squeeze in a report on a survey among 4,372 school systems in cities of 2,500 population and upward.

The NEA said replies from 1,270 of the school systems listed their major problems as mounting enrollment, a shortage of teachers, scarcity of building materials and inflationary costs.

The report said the nation's defense effort apparently is the major cause of the shortage of qualified teachers. It said teacher turnover has increased generally.

About 47 per cent of the systems covered in the survey said needed building projects, to accommodate a total of 343,000 pupils, were being delayed by lack of funds. It said materials shortages or high costs have halted planned building, to house 115,315 other pupils, in 162 school systems.

While financing was ranked almost equal to housing as a school problem, the report said indications were that local support of education was in no serious decline.

RAF To Train Germans In Jet Fighter Planes

LONDON (AP) — The London Daily Herald says plans are under way for the Royal Air Force to give jet fighter training to German pilots, many of them veterans of the wartime enemy Luftwaffe.

The paper said the Germans will be trained for the air arm supporting West German divisions of the projected West European army. No bomber training will be given, the paper reported.

Previous reports from Germany have said that the West German government plans an air force of 1,500 planes if German rearmament is approved by the Bonn Parliament and the Western Allies.

Our Next President

Who will it be? Stevenson or Eisenhower?
Right now no one really knows who will be elected next Nov. 4.

However, a poll of Salem News readers could show who is expected to win.

In an effort to sound out the sentiment of Salem district voters, The News is printing this straw vote questionnaire with the hope that interested citizens will mark their choice for President, clip out the questionnaire and mail it unsigned to the Political Writer, The Salem News, Salem, Ohio.

☐ FOR STEVENSON

☐ FOR EISENHOWER

Reds Feared Stepping Up Ohio Activity

COLUMBUS, O. (AP) — The Ohio Un-American Activities Commission fears Communists will step up their activities in Ohio because of the billion dollar atomic energy plant to be built in Pike County.

State Rep. Samuel L. Devine, a Columbus Republican and commission member, said Thursday the plant will make Ohio a strategic target area. Devine told the Columbus transportation club there are 1,800 "hard core" Communist Party members in Ohio.

Work on the \$1,219,000,000 plant to separate Uranium 235 from ordinary uranium is expected to start this fall. Two power plants costing about 40 million dollars will supply electricity for the project.

The plants, a joint venture by 15 large electrical firms, will be built on the Ohio River. Exact locations have not yet been announced.

Rep. Burnside (D-W. Va.) said in Huntington Thursday he has proposed the Kenova, W. Va., area as site for one of the plants. Burnside said he had passed on his recommendation to Philip Sporn, president of the Appalachian Electric Power Co., one of the 5 firms involved.

DUTCH COASTER SINKS

ROTTERDAM, The Netherlands (AP) — The British ship Fairhead reported today that Dutch coaster sank off the Dutch Island of Ter-schelling today. The Fairhead said she rescued all 11 members of the coaster's crew.

Child Falls 30 Feet, Gets Only Black Eye

BIRMINGHAM, Eng. (AP) — Two-year-old Peter Dangerfield fell 30 feet from a third-floor window of his home today — and escaped with a black eye.

He bounced off a clothes line into his 4-month-old brother's baby carriage and toppled gently from there onto the cobbled yard.

K. Of C. Council Raps Birth Control

LOS ANGELES (AP) — The Knights of Columbus Supreme Council has criticized the United Nations Educational, Scientific and Cultural Organization for its birth control views.

A resolution adopted at the end of the 70th national convention of the Catholic group yesterday declared:

"There is indication that UNESCO and some of its expressed views advance theories which support birth control as a truly scientific solution of problems of population and human betterment."

The resolution said the UNESCO's course was "contrary to natural law and the deeply religious disposition of the founders of our nation."

St. Paul, Minn., was chosen as convention city for Aug. 18 to 20, 1953.

ANSWER FALSE ALARM

LISBON — Lisbon firemen were called on a false alarm Wednesday night about 9 when a car was reported on fire on the Black Rd. Firemen said when they arrived at the scene no car could be found.

Health To You

By EDWIN P. JORDAN, M. D.

The Doctor Answers

Long-lasting pain is exceedingly difficult for human beings to bear. The condition described in today's first letter is one of these.

Q—Please discuss the kind of neuralgia of the face known as tic douloureux. I am 46 years old and am bothered very badly by it. What can be done to prevent frequent attacks? How long will I have it before it will kill me, or will it lead eventually to something else?

A—Tic douloureux is a kind of neuralgia of one of the nerves coming out of the brain—cranial nerves. Neither the exact location of the lesion nor the cause are known. There is little reason to believe that work, diet, or anything of that sort has any direct bearing on tic douloureux, nor that changes in any of these have any definite effect on decreasing the attacks.

Treatment with medicines is not particularly satisfactory; the standard treatment for severe cases is surgery of the nerve root. The disease is not fatal, nor likely to lead to complications other than the persistence of the pain with consequent disturbance of sleep, fatigue and exhaustion. It is a most unpleasant thing.

Q—If a woman has all her reproductive organs removed due to a fibroid tumor, will she be left passionless?

A—If the ovaries were removed

there is a possibility of lessened sex drive; otherwise, the answer is "no."

Q—My son, who is in his early 20's has been having a lot of trouble with perspiring under the armpits. He hasn't been well lately, but has no signs of T.B.

A—It is possible, from what you say in your letter, that the excess perspiration is a reflection of some diseased condition which has not yet been diagnosed. However, many people perspire freely, even though they are perfectly healthy.

Frequent bathing, the use of a commercial anti-perspirant, of which there are several on the market, and the use of a mild dusting powder, is about all that can be suggested under such circumstances.

Q—Is it unhealthy to have plants in every room in the house? Could it cause a person to be tired and sleepy?

A—I doubt that this could cause any harm unless someone living in the house were allergic to some of the plants. Some other cause for being tired and sleepy is more probable.

For All The People

The first momentous development of the 1952 presidential campaign is Gen. Eisenhower's announcement that he will take a middle-ground position.

This immediately and squarely joins the issue with Gov. Stevenson, who has become the willing prisoner of the leftists who made his nomination possible.

Gov. Stevenson clinched his political identity as a spokesman for the group standing to the left of center when he chose Wilson Wyatt to manage his presidential campaign. Wyatt was a prime mover in Americans for Democratic Action, an organization to promote the policies of the New Deal.

Gen. Eisenhower's political identity has been vague. Four years ago he was urged to seek the Democratic presidential nomination by many of the same citizens who now are pointing to Stevenson as the white hope of the leftists.

He turned down their invitation. He was not their man.

Since accepting the invitation of his original backers for the Republican nomination this year, Gen. Eisenhower has been trying to orient himself in the party whose general policies coincide with his own convictions.

In the process of doing this, he may have surprised some of his backers by his moderate views. These views resemble the Bull Moose policies of Teddy Roosevelt. They offered no comfort to the Wild Jackass policies of more recent times.

They did offer comfort to both Republicans and Democrats who were tired of extremism in politics—the CIO at one end and the Union League at the other. Most Americans are moderate in politics, as they are in all other beliefs and activities. They do not want to be elbowed by rightists and leftists. They are sick of being caught in the middle and roughed up.

If Dwight Eisenhower, who wants to be President in behalf of all the American people, not a minority of the people, can put across that idea in his presidential campaign, the odds in his favor will begin to lengthen.

Americans are ready for a change from special-interest strong-arming which has made them despair of ever being united again in spirit.

Automatic Inflation

That large minority of the population whose income automatically goes up when the consumers' price index rises is awaiting the July figure, which will be published early next week.

The majority of the population is awaiting the July figure, too. Its income does not increase automatically. It must cut its coat to fit the cloth. It is getting ready to revise its living standard downward again.

When the price of eggs goes up, its consumption of eggs goes down. When the price of eggs goes down, its consumption of eggs goes up. This is the traditional pattern of supply and demand.

A wage earner with no automatic increase geared to an escalator clause or a labor contract which can be renegotiated on a few days' notice blocks inflation as a matter of survival.

A wage earner with an automatic increase coming every time a statistical index changes by a few percentage points has no inducement to block inflation.

Eventually, it will be made plain that inflation was part and parcel of the spending policy adopted by the original New Deal and maintained without interruption throughout the thirties, forties and the early fifties. When that finally is comprehended, it will be clear that the escalator clause in wage contracts, plus the Capehart amendment amounted to automatic inflation.

Be Thankful For Crabgrass

It might be deduced from complaints of property owners that their most serious concern at the moment is not politics, inflation, nor even the increasingly monopolistic behavior of labor unions, but crabgrass.

But there is a bright side to this nagging problem. Life in town, in the suburbs and even in the open country might be better without crabgrass, but there is something to be said for it.

For one thing, it is a menace which can be fought to a standstill. That is more than can be said for the larger problems of the day. For another thing, crabgrass is grass.

It grows without being planted and without being cultivated. If mowed every day it is hardly distinguishable at a distance from the perishable grasses it crowds out. Best of all, frost kills it.

Moreover, once killed it stay dead until the following August, when it is reincarnated once more for its brief hour of glory, thus giving the least successful caretaker of lawns one spot of green which he can rely on when all else fails. The stuff might even be worth cultivating. In fact, that might be the way to get rid of it.

No 'Middle Way'

By DAVID LAWRENCE

Eisenhower Speech Shows Poor Strategy

If the Boise, Idaho, speech by General Eisenhower is a sample of the strategy he has been advised to use in his campaign, then the Republican presidential nominee has received some bad advice.

For here at the opening of the campaign, when the nation might have expected a clean-cut outline of the issues as they have been drawn between the Truman-Stevenson party on the one hand and the opposition on the other, the only thing that is offered is an appeal to the country not to be misled by either the "left" or the "right," but to adopt a course which the general's speech calls "the middle way."

As philosophical doctrine in the field of political science, it may have some merit, but, as a piece of campaign strategy, it is a species of neutrality that spells colorlessness, compromise and straddle.

For, while in the battle over issues of the day, extremists of the "left" and the "right" are to be deplored, so are the extremists of the "middle way" often the unwitting sponsors of confusion and delay.

When President Truman seized the steel mills under the "inherent powers" claim, it was an extreme step. It was 100 per cent wrong because it violated the Constitution, and the people who opposed the step proved it was wrong. Either there is a law to sanction such a policy, or there isn't. There was no "middle way" in the seizure issue.

WHEN THE Truman administration decided to yield to its fears of an "enlarged war" in Korea and declined to use maximum power, the "middle way" meant procrastination and delay, and only after a year were the American air forces given permission to bomb vital bases in North Korea, though, in the interim period of compromise and temporizing, the enemy was able to achieve a big buildup of its planes and troops. That was the "middle way."

The issues before the American people which have a "left" and "right" connotation aren't going to be settled by a third course—a "middle way" which rejects them both. Often there is a good deal of substance in the position of those on the "right" or the "left," respectively, and to reject them both and try a third way can mean no solution at all. More often, a flat decision against the "right" is as desirable as on other occasions is a flat decision against the "left."

It has long been the habit of politicians to avoid commitments of a positive nature and to try to balance conflicting groups on the theory that this is the way to get votes from both sides. It is often called "carrying water on both shoulders."

THIS KIND of strategy sometimes succeeds in politics when the electorate is unable to make up its mind between opposing viewpoints, especially when the issues aren't clear. But corruption in Washington, for instance, is clear. The public has made up its mind that such misbehavior by officialdom is reprehensible. There is no "middle way" on that issue.

The Eisenhower speech seems to be the product of amateur advisers who haven't yet come to grips with the realities of the campaign or with the importance of being positive. Vague generalities will never win a campaign against a party entrenched in power for 20 years.

This is a campaign where the only chance the opposition has to get votes is to call a spade a spade and to recognize frankly that before talking about alternatives—whether they are in the "middle center" or "left of center," or "right of center"—it is essential that the American people be made aware of just what the dangers of the "left" have been under the New Deal and Fair Deal, and what they will be if the present administration is vindicated at the polls in November.

The important point now is to tell the people frankly what damage has been done by the "left," and if the people don't care to change this, then there is not much use telling them that there is a "middle way" or that, in swinging toward the middle, the pendulum won't be allowed to go all the way to the extreme "right." The risk is that the people, if they remain unaware of what the "left" has really done, may come to the conclusion that the "left" isn't so bad, after all.

DISCUSSION of ideological abstractions, moreover, is not good enough for a campaign that will be won or lost by sledge-hammer blows. While President Truman's speeches in 1948 were by no means informative as to alternatives he would offer, they did have the political value of striking hard at the opposition, which the Eisenhower strategy doesn't seem to be ready to do. The Eisenhower speech still seems to be in the pre-convention mood of hostility to the "right" wing of the party.

Maybe the general's strategists think a slow start at low pressure is a good way to achieve momentum later on. But it looks like if the brain trust in far-away Denver is out of touch with a rapidly developing trend away from Eisenhower on the part of former Taft supporters and a definite trend toward Stevenson on the part of the "left wing" and its allies. If that doesn't soon suggest a different strategy, then the Eisenhower strategists may never come to understand the basic forces of the 1952 presidential campaign.

Why Not You?

By TRUMAN TWILL

Latest and loudest report on the state of our nation is a study by the Tax Foundation of deficit financing in the 48 states.

The practice of spending according to needs, instead of according to income, has proved to be contagious. The states have spent all their savings and now are mortgaging the future for things they think they need.

They have followed Washington's bad example.

The catch is that the states, like the federal government, will continue to be needing more than they can afford from now on. There is no end to deficit spending in government once it begins—no end short of bankruptcy—no point of satiety.

No state can be expected to struggle along without broad, smooth highway for taxpayers, voters and the trucking industry. It could not hold up its head among other states if it did not have the newest and the best in insane asylums and prisons.

It must have the finest there is in schools and state-supported universities, because to have less would be an indication of indifference toward the young, who are the hope of the world, the bright promise of tomorrow etc.

No state worthy of the name can pare cheese in such vital matters as public buildings, donations to worthy organizations, support for the deserving, subsidies for the Exalted Order of This and That and the perquisites of office, such as \$5,000 cars for two-bit officeholders.

That's the way it's done. Public welfare, highways, schools, hospitals, institutions, back-scratching and perquisites come high. When you are in Rome, you do as the Romans do, which means spending money you don't have and never can get.

Now that the states have picked up the germ and local governments are showing signs of infection, the epidemic finally will hit the common man. That will be the day.

On that day, we shall buy what we need, instead of what we can pay for. And we shall need what we think we need, no less.

We shall need hard-surfaced driveways, bigger cars, finer houses, more help to get our work done, costlier education and more expensive medical care. We shall need more money to give away where it will do us the most good and, naturally, we shall want to

be open-handed with the deserving poor and the deserving everybody else, including all the poor relations.

Under the old inflexible system of handling income, none of this would have been possible without more income. But this will be the new system—the system that concentrates on outgo. You decide what you want and you buy it. If the sheriff or the wolf breathes on your neck, you say cheerfully, "Go away, name of a name. I am looking after your future. I am buying things you cannot afford to be without if you are going to hold up your head."

If at first they don't believe this, keep trying. It takes a while to get used to the new system. But the federal government, the state governments and the local governments got used to it. The sheriff and the wolf will have to try harder, that's all.

SIDE GLANCES

"My new boy friend flunked two subjects last year—it's lucky for my parents they didn't know him then!"

Just a Sample

The Foundations

By GEORGE E. SOKOLSKY

A congressional committee, headed by Representative Eugene Cox of Georgia, is now engaged in an investigation of the foundations, a vast reservoir of dead men's money and a terrifying power in this country. It needs to be noted that many foundations are organized by men still alive and by corporations as a device to do good instead of paying taxes. There are about 10,000 foundations, large and small, and their funds run to more than \$3,000,000,000.

The startling fact about some of the foundations, particularly the larger ones, is that while they were founded by such capitalists as John D. Rockefeller, Andrew Carnegie, Julius Rosenwald and a latterly Henry Ford, in time the help hired to run them have grown powerful and wilful and expend the money on causes which would have offended the benefactors were they alive to see it.

HENRY FORD, for instance, made nearly all his money in this country, but Paul Hoffman, who is spending that money, seems to prefer to pour it into remote bottomless pits and to expend it for meaningless purposes, such as an investigation as to why the world is full of refugees when, as a matter of fact, it always has been. That is how you and I and Paul Hoffman probably came to be born in this country.

Congressman Cox presided over the ill-fated investigation of the FCC with unusual ability. When he brought the investigation right into the White House, steps were taken by President Roosevelt to suppress it, and the President succeeded.

In the matter of the foundations, Cox will be able to begin with at least two proved facts, namely, Fat mice are throwing light on what makes fat men. Experiments with a hereditary strain of obese animals at Harvard Medical School have been reported by Dr. Jean Mayer at a conference on fatness at the Jackson Laboratory, Bar Harbor, Me. In a nutritional study, Dr. Mayer found that fat mice ate more—but not much more—than thin mice when they were allowed to eat freely and pick their own diets. The animals differed greatly, however, in their choice of food. The fat mice chose food high in fat, while the thin ones preferred low-fat foods.

Humans, according to the Jackson Laboratory report, follow much the same pattern. The fat lady eats cream puffs and the thin one carrots. In a study of diabetic patients, Dr. Mayer found that they tended to choose foods much higher in fats than did nondiabetics.

Dr. Mayer tried fat mice on four diets. On a low-fat diet, it was found, they do not gain weight. On very high-fat diets they actually lose weight, become sick and die.

On a high-vitamin diet—50 times the normal amount—they lose weight, but develop various diseases. On a sugar diet they grow increasingly fatter.

As they grow older, it was found, fat mice tend to develop insulin-resistant diabetes. The same disease occurs in humans. Ninety per cent of diabetes cases develop after the age of 40 and occur in overweight persons. Both mice and men will respond in about the same way to cutting down calories.

The mice threw some light on the reasons for overeating. Dr. Mayer's studies show that fat animals eat more than thin ones in proportion to their blood-sugar level. He examined the blood of humans and found that when blood sugar is low the individual always

Alger Hiss' presidency of the Carnegie endowment for international peace and the relations of the Carnegie and Rockefeller foundations to the Institute of Pacific Relations. With regard to the former, Cox can begin where the courts ended; with regard to the latter, he has the McCarran committee reports to guide him.

William Fulton, who made a study of the foundations for the "American Legion Magazine," makes this very interesting point: "How do the Stalinists and their stooges dip their buckets into the foundation pool?"

"They do it by masking the contributions they receive as legitimate and charitable. Millions of dollars have been ladled out to communists and red-front organizations under such euphemisms as fellowships, scholarships, research, studies for such humanitarian causes as international peace, better human relations, and the like. Sometimes the ultimate beneficiary of such funds is hidden by cleverly relaying the money through two or even three intermediary foundations."

ALGER HISS was not only president of the Carnegie endowment for international peace; he was also trustee of the Woodrow Wilson foundation and the world peace foundation. He was a director of the Institute of Pacific Relations, one of the beneficiaries of both Carnegie and Rockefeller money. Here is an interlocking directorate by which a traitor had control of an \$11,000,000 fund and access to several others.

Why Mice and Men Get Fat

By THOMAS R. HENRY

Fat mice are throwing light on what makes fat men.

Experiments with a hereditary strain of obese animals at Harvard Medical School have been reported by Dr. Jean Mayer at a conference on fatness at the Jackson Laboratory, Bar Harbor, Me.

In a nutritional study, Dr. Mayer found that fat mice ate more—but not much more—than thin mice when they were allowed to eat freely and pick their own diets. The animals differed greatly, however, in their choice of food. The fat mice chose food high in fat, while the thin ones preferred low-fat foods.

Humans, according to the Jackson Laboratory report, follow much the same pattern. The fat lady eats cream puffs and the thin one carrots. In a study of diabetic patients, Dr. Mayer found that they tended to choose foods much higher in fats than did nondiabetics.

Dr. Mayer tried fat mice on four diets. On a low-fat diet, it was found, they do not gain weight. On very high-fat diets they actually lose weight, become sick and die.

On a high-vitamin diet—50 times the normal amount—they lose weight, but develop various diseases. On a sugar diet they grow increasingly fatter.

As they grow older, it was found, fat mice tend to develop insulin-resistant diabetes. The same disease occurs in humans. Ninety per cent of diabetes cases develop after the age of 40 and occur in overweight persons. Both mice and men will respond in about the same way to cutting down calories.

Owen Lattimore had a travel and research grant from the Social Science Research Council which received more than \$6,000,000 from the Carnegie, Rockefeller, Rosenwald, Russell Sage, and other foundations.

It is possible to trace in the histories of some of the most notorious leftists in this country through the grants given them by the foundations, as, for instance, Hanns Eisler, who was a known communist before the Rockefeller foundation aided him.

One of the most puzzling of all foundations is the Guggenheim, set up by United States Senator Simon Guggenheim, a Republican and conservative. It is startling to note how many communists and leftists have received grants from this particular foundation, running between \$2,500 and \$3,000.

IT WOULD BE unwise and not beneficial to abolish the foundations.

Many of them serve excellent purposes. What needs to be investigated is the relationship of the self-perpetuating boards of trustees, directed by the hired help.

Paul Hoffman has about \$25,000,000 a year of Henry Ford's money to spend. What actual control is exercised over that expenditure? Who has the final voice? Too much money is at stake to leave to the discretion of a few hired men. The public has an interest in the matter, too. They bought the flivvers which made it possible to establish this foundation. They want to be sure that it serves America.

Who is hungry. When it is high he never is hungry.

The fact that gold injection will produce fatness was reported by Dr. George Brecher of the National Cancer Institute. While studying the effects of poisonous amounts of gold in treating arthritis, he found that his experimental mice unaccountably were gaining weight.

The gold apparently permanently upsets the animal's metabolism. Similar results were reported by Dr. Thomas H. Maren of the American Cyanamid Co.

He found that mice made fat with gold resemble hereditary fat mice in size and the fact that they are sterile. There is, however, no different blood-sugar level. He reported that, in proportion to body weight, the fat mouse eats and drinks less than the thin one.

In both mice and humans there is a large fraction of calories which are unaccounted for. In some cases the fraction is used in activity and in others it is stored as fat. The reasons for this difference are being studied.

Studies of the endocrine glands of fat mice were reported. The tentative findings were that the thyroid has no part in producing obesity. The pituitary gland is essential if fatness is to develop, but this does not mean that any abnormality of the gland is responsible.

The hereditary strain of fat mice was developed at the Jackson Laboratory in 1949. It is normally nearly sterile, but has been perpetuated by a highly specialized technique by which unfertilized eggs of a fat female have been transplanted into normal animals. Progress has been very slow.

A year ago the colony produced only from three to seven fat mice a month. The figure now has been raised to about 76.

Once Over

By R. I. PHILLIPS

For Theater Warmth

A move to change building laws in New York so more modern theaters can be built economically, and with bars a feature of each playhouse, is making headway. Elmer Twitchell supports the bar idea warmly on the ground that only strong drink can fortify a man to sit through some shows. And since 90 per cent of all actors and actresses whisper their lines, he thinks playgoers would do better in the bar where a smart bartender would furnish a synopsis of the show to disheartened theater addicts.

"There is a conspiracy between producers, directors and performers to keep dialogue inaudible," declares Mr. Twitchell. "Why should a patron of the theater be expected to tolerate it while cold sober?" Elmer had arguments that impressed us. "There are bars everywhere else; why not in the theater?" he asked. "They could assure longer runs. Even Oklahoma might have had another couple of years if there had been a saloon attached. And a theater atmosphere could be helpful to the bars. The mood in bars outside the theater has become cold, dull and even hostile, with the barboys as friendly as the late Gargantua. A theater could give a bar gaiety, warmth, color and charm."

THERE IS MUCH in Elmer's point. We would like to see a bar produced and directed by somebody with a sense of theater. It is possible that such a saloon could draw better than the play. We can fancy a critic's review reading: "Last night's new play could not be described as more than mildly pleasing, but the bar showed originality, craftsmanship and real power. It sustained the interest at all times and the mood was one of gaiety and charm. The direction was flawless. Mugsy McGonigle could hardly be improved upon as head barboy. He showed that rare quality in cafes these days, an understanding of his role, and played it with a tenderness long missing. He even smiled occasionally and did not regard gruffness and incivility as essential to the characterization. Mr. McGonigle will go far. He belongs in pictures. The setting was very pleasing and well executed, but it seemed to us to reflect a period long past in American history since full quart bottles instead of fifths were shown. And in all the barroom eclipsed the play in every detail and held the audience more completely."

We can even imagine some sort of Pulitzer Prize for the Native Cafe Which Best Reflects the True Spirit of a Long-Lost Hospitality in the Old Drinking Traditions. With a Critics' Circle Award for the Theater Saloon of the Year. (What'll we have? "Guys and Dolls" with a scotch and soda, please!)

GREGORY RATOFF, in speaking of the new movie, "Ivanhoe," pronounces it "Iwanwow." . . . Red Barber is doing the commercials on "Information Please" and we can't help asking, during the longer one, "Okay, but who's on second?" . . . Davis Shuman has invented a trombone that slides sideways. . . . It is the complete solution of the problem of finding space for a boy to practice in one of those modern five-room dream homes. . . . (And at last a musician can practice on a subway train if necessary.) . . . We trust Herman Hickman hasn't been retained by that cigar company on video because he wants a faster and stronger stogie. . . . Ellis Arnall sticks to his belief terrific inflation is near and that in the coming election the voters will go to the polls more peeved about the high cost of living than anything else. . . .

Prince Ali Kahn bet a filly named "Flaming Rita" at 50 to 1 and the thing ran last the other day. . . . And the excuse that she was "hiding her form" seems illogical, it seems to us. . . . There were no bidders for the famed 57-room J. P. Morgan mansion, an estate at Oyster Bay, the other day. . . . The days when people wanted to live like millionaires are over and the very prospect of such a thing scares anybody stiff. . . .

A big exhibit of out-of-date American coins is on in New York. . . . We assume it includes everything up to the half dollar. . . . Ernest Hemingway's latest tome, "The Old Man and the Sea," is a swell yarn in which there are only three characters, a man, a boy and a fish. . . . Maybe Herman Hickman recites the old Kipling poem, "A college is only a college, but a good cigar's a gold mine."

RACE CHART

The Spaniel . . . Dogs it.
Wolf Whistle . . . Can upset.
Lone Fisherman . . . No line recently.
Monkey Wrench . . . Often causes trouble.
Necktie . . . Flashy.
Bribe . . . Did well in Washington trials.

Looking Backward

From The News Files

FORTY YEARS AGO—The Rev. William Booth, general and commander-in-chief of the Salvation Army, died Aug. 20.

Proceeds of the annual benefit baseball game between the Elks and Masons will go to the hospital fund. H. W. Young, G. R. Deming, A. H. Kennedy and W. H. Dunn comprise the ticket committee. In charge of refreshments will be Mrs. W. L. Deming and Mrs. R. B. Heaton.

TWENTY-FIVE YEARS AGO—Albert Lamborn of E. Sixth St. has taken over the woodwork business of the Silver Manufacturing Co. Articles which Mr. Lamborn will make at his home include ironing boards, step ladders, lawn settees and hose reels.

TEN YEARS AGO—United States Marines stood fast in their hard won positions in the Solomon Islands after wiping out a 700-man Japanese force which tried a stealthy night landing to pierce the American lines.

FIVE YEARS AGO—Mrs. Lee Heineman was re-elected president of the Elsie Matti Missionary Circle of the First Friends' Church at a meeting Thursday at the home of Mrs. Frank Kosa, Liberty St. Other officers are Mrs. Donald Rohrer, Marjorie Schallenberg, Jane Hilton and Ellen Mitchell.

Columbiana

Bloodmobile To Visit Here

Legion Auxiliary Plans Membership Drive

COLUMBIANA — A bloodmobile, sponsored by the Ladies' Auxiliary of Firestone American Legion Post, will be in Columbiana Wednesday, Oct. 8, when the auxiliary aims to meet a quota of 125 pints of blood.

The announcement was made by the president, Mrs. Robert Patchen, at the August meeting of the auxiliary Wednesday evening.

Proceeds of the annual magazine campaign just concluded enable the auxiliary to buy another Scott air pack for the fire department and another hospital bed, which will be at the Legion home for community use.

With a quota of 130, the auxiliary will start its annual membership drive in connection with the American Legion street fair Sept. 4, 5 and 6, when auxiliary members will help Firestone Post with its "eats" tent. Last year the auxiliary exceeded its membership quota, the same as this year, with 141 members.

FIRESTONE Auxiliary won second honors in the state this year with its Pan-American study under the direction of Mrs. Clara Reeves. The auxiliary adopted for benefactions during the ensuing 12 months a ward of six beds in the veterans' hospital at Dayton.

Chairmen and co-chairmen of the Columbiana Business & Professional Women's Club held their first meeting at Bundy's restaurant Tuesday evening with 23 present. The meeting was preliminary to the August meeting of the club, which will be held in the Christian Church at 6:30 p.m. next Tuesday, when those not on time will be assessed a small fee. Mrs. R. J. Barrow, president of the club, outlined the duties of each committee Tuesday evening. Chairmen and co-chairmen of committees are:

Health and safety, Dorothy Diamond, Mary Gurney; public affairs, Ida Magill, Betty Gosney; education and vocation, Vera Frayser, Margaret Herrmann; international relations, Ruth Derringer, Harriett Maurer; legislation, Betty Helt, Carolyn Orr; finance, Sara Groner, Esther Edgerton; radio, television and Federation news, Virginia Felger, Edith Hartsock; membership, Margaret Marrow, Lotta Troll; civil defense, Lulu Miller, Helen Lindsay;

BULLETIN. Isabel Roller, Ruth Lehman; emblem, Mary Webber, Catherine Hisey; music, Eleanor Esterly, Ada Coyle; house and telephone, Bertha Shontz, Kathryn Foertch; flower, Kathryn Fuhrman, Helen Smith; parliamentarian, Marie Lundgren; historian, Sara Groner; projects-play, Estella Esterly, Freida Berryman, and card party, Edith Wolfgang, Lulu Miller; program co-ordination, Hazel Rearick, Jean Funkhouser; news, Florence Guy, Mary Lodge. Salem Masonic Temple, the Negley Masonic Lodge, the Franklin Furniture Co. of Columbiana and Fairfield Centralized High School Class of '35 are among gatherings at Firestone Park today. Scheduled for tomorrow are the Mission Covenant of Bessemer, Pa., Ellsworth Methodist Church, the Round Town Dance Club of Youngstown, and a number of family reunions Saturday and Sunday.

COLUMBIANA County Democratic Chairman Don R. Gosney of Columbiana and Congressman Wayne L. Hays of Flushing are home from a three weeks' tour of

Preacher Is Forced To End 24-Day Fast

YAKIMA, Wash. (AP) — A 24-day fast by a Bible Presbyterian church minister atop a 7,000 foot mountain has been ended — but not by the higher authority he sought.

Teh Rev. Robert Kutz, about 48, was taken from the mountain yesterday by Yakima County deputy sheriffs who brought him in on a sanity warrant after concern was felt for his health.

He climbed to the top of Darland Mountain, 45 miles west of here in the Cascades, late last month after parking his car in a high meadow. He would come down, he said, when told to do so by "a higher authority."

Since then, forest rangers attest, he has had no food. He slept in his car.

He didn't protest when the deputies came to get him and exhibited what one official said was "surprising strength" in walking to their car. No report has been received on his condition since he was lodged in a hospital.

The Rev. Kutz has no parish now. His wife told police he fasted 28 days last year.

Sen. Kefauver Refuses To Be Attorney General

CHATTANOOGA, Tenn. (AP) — The Chattanooga Times quoted Sen. Estes Kefauver today as saying he had flatly refused a possible appointment as attorney general of the United States.

"... Kefauver said he had discussed the possibility of his appointment... with Democratic presidential candidate Adlai Stevenson and Democratic Chairman Stephen A. Mitchell and let it be known that he was not interested," said the Times story from Washington.

27 Couples Attend Gathering Held By Merry Mates At Lake

Twenty-seven couples, members of the Merry Mates Club of St. Paul Catholic Church, held a corn roast Thursday at Copacia Lake, Depot Rd.

Special guest was Rev. Fr. J. Richard Gaffney, who introduced a new couple to the club, Mr. and Mrs. Harold Karmazine.

Mr. and Mrs. Herman Elcock of

Pittsburgh were guests of Mr. and Mrs. John Pritchard. Prizes were won by Mrs. Bernard Bott and Anthony Marino.

Mr. and Mrs. Bernard Bott, in charge of arrangements, were assisted by Mr. and Mrs. Hubert Schebler, Mr. and Mrs. George McConor, Mr. and Mrs. Gerald C. Stull, Mr. and Mrs. Andrew Arnold and Mr. and Mrs. Thomas Cusack. Mr. and Mrs. William Blount served on the previous month's committee.

The Sept. 18 committee announced by President Robert Bricker is Mr. and Mrs. Frank Schmid, Mr. and Mrs. Edwin Deagan, Mr. and Mrs. John Less, Mr. and Mrs. James Guriea, Mr. and Mrs. Lewis Follansbee and Mr. and Mrs. Russell Jones.

Lisbon Couple To Mark 50th Anniversary

LISBON—Mr. and Mrs. Frank Flugan of the Canton Rd. will observe their golden wedding anniversary Aug. 28, when they will hold "open house" and receive friends in their home from 2-4 p.m. and 7-10 p.m.

The occasion falls on the same day of the week as the event which was solemnized on Aug. 28, 1902 by the Rev. George W. Beaver at the parsonage of St. Jacob Church, who officiated in the absence of Rev. J. P. Anderson, pastor of the Presbyterian Church.

The bride of 50 years ago was a daughter of Mr. and Mrs. Edwin Chandler, and her husband, was a son of Mr. and Mrs. George D. Flugan, prominent farmers residing west of Lisbon.

The couple for the past 41 years have resided in the home which they built just west of the Canton Bridge, moving there after living in town for nine years. They are parents of a son, Paul C. Flugan of N. Market St., and a daughter, Mrs. Norman E. Ward of E. Chestnut St., who with four grandchildren, Donald, Robert and Vera Ward and Peggy Sue Flugan, will be present to assist in the observance of the day.

Both are in good health and Mr. Flugan recently retired after serving 21 years as superintendent of the Lisbon cemetery. Both are active in church, fraternal and political affairs.

Trip Marks Observance Of Woman's Birthday

A trip to Cleveland Wednesday was a part of the anniversary celebration of Mrs. James Carey of S. Lincoln, marking her 93rd birthday.

In Cleveland Mrs. Carey will be assisted in the observance of her birthday by her daughter and son-in-law, Mr. and Mrs. William Waterworth, and her sister, Mrs. Lucy Hampson. The group will dine out for the occasion.

Prior to going to Cleveland, Mrs. Carey received cards, visits, calls, flowers and gifts from Salem friends. She will spend sometime there.

Mrs. E. S. Huffman, accredited national flower judge of the National Garden Clubs and a member of the Salem Garden Club, was guest judge at the flower show of the Greater Akron Garden Club Wednesday.

Alliance Granger Wins Essay Contest

Mrs. Robert Kibler of RD 1, Alliance, who is a member of Mile Branch Grange, was winner of first place in the Ohio State Grange safety essay speaking contest which was held Saturday at Canal Winchester.

Besides the honor, Mrs. Kibler gets a check for \$52.50. To win this she first had to win in the grange, Columbiana County and the district. She won the district eliminations in Elyria Aug. 1.

Serving as the Mile Branch lecturer for two years, Mrs. Kibler has been a granger for four years. Subject of the essay was "My Job—Making Driving On Ohio's Highways Safe." Each contestant was required to keep her essay within a maximum of 1,500 words and then memorize it to give at the competing points.

A part of the state youth program for members 18 to 25 years of age, the contest was sponsored by the Grange Insurance Co.

Mrs. Kenneth McKenzie Feted By Skat-R Club

Mrs. Kenneth McKenzie, a member of the Skat-R Club, was given birthday honors Thursday evening by fellow club members when they met in the home of Mrs. Harold Harris on Park Ave.

Gifts and a decorated birthday cake made by the hostess were presented Mrs. McKenzie. Later in the evening, a musical request sent in to Station WTAM by Mrs. John Stoita was played in honor of Mrs. McKenzie.

Prizes in the games went to Mrs. Stoita and Mrs. Emmor Ackelson. Guests were Mrs. William Steffel and Mrs. Peter Lawrence. The cake was served as a part of the refreshments prepared by the hostess.

At the next meeting Sept. 18, Mrs. Leonard Perkins will entertain at her home on W. Pershing St.

Birth Reports

Son, to Mr. and Mrs. Lew Sowards of Losbon, Thursday, at the City Hospital.

Son, to Mr. and Mrs. Howard Rambo of East Palestine, Thursday, at the City Hospital.

Son, to Mr. and Mrs. Robert Huffnagle of Leetonia, Thursday, at the City Hospital.

Son, to Mr. and Mrs. Milton Breckenridge of East Palestine, Thursday, at the City Hospital.

Daughter, to Mr. and Mrs. Cletus Coffman of R. D. 1, Salem Thursday, at the City Hospital.

Son, to Mr. and Mrs. John Pukalski of RD 2, Salem, Thursday, at the City Hospital.

Son, to Mrs. and Mrs. Robert Anderson of Negley, Friday, at the City Hospital.

Son, to Mr. and Mrs. Donald McCreary of 1097 N. Ellsworth, Thursday at Central Clinic.

WOOL GETS A COLLEGE EDUCATION . . . Here are three sets of washable wool separates in Sanforlan flannel that will form the backbone of many a college wardrobe this fall. They are (l. to r.): Jacket and gored skirt; three-piece outfit of sweater

blouse, saddle-bag pocket skirt and waistline jacket, tailored blouse and golf skirt, all designed by Carol Caldwell of California, all washable in plain soap and water.

40 Attend Party For Betty Rayniak

Approximately 40 friends and relatives attended a pre-nuptial shower Wednesday evening honoring Betty Rayniak of Prospect St.

Arranged by her sister-in-law, Mrs. Dan Rayniak Jr., the picnic affair was held at the home of Mrs. Mary Rayniak, mother of the bride-elect, on Prospect St. Mrs. John Mickunas assisted.

Bingo and other contests entertained the guests. Prize winners included Mrs. Gerald Fowler, Mrs. John Oana and Mrs. Stephen Cogarea. Gifts, kitchen, personal and miscellaneous, were presented to the honor guest.

Out-of-town guests included Mrs. Robert McGhee of Miami, Mrs. Calvin Wagner of Detroit, Mrs. Gerald Summers of Bessemer, Pa., and Mrs. James McMurray and Mrs. Frank Coleman of Poland. Miss Rayniak and John Farcas, son of Mrs. Mary Farcas of W. State St. will be married in an open-church ceremony at 2:30 p.m. Sunday, Aug. 31, in the chapel of the First Baptist Church. Rev. Louis Raymond will officiate.

Legion And Auxiliary Enjoy Basket Picnic

Members of the local American Legion post, auxiliary and their families met Wednesday evening at Firestone Park, Columbiana, with 25 in attendance. Games followed a basket picnic. It was suggested that this be made an annual affair.

Members of the Legion and Auxiliary attended the installation ceremony Friday at the Canton post for Lester Nimmon. The auxiliary county council will meet in Wells-ville Aug. 25. The local auxiliary will meet Sept. 9 at the Legion post.

Methodist Blue Ray Plans For Luncheon

Mrs. Howard Gillett was in charge of the Wednesday afternoon meeting of members of the Blue Ray group of the Methodist Women's Society of Christian Service in the church.

The worship service was conducted by Mrs. E. F. Naragon and she introduced her granddaughter, Marceale Naragon, who entertained with piano selections.

Plans were made for a 1 o'clock luncheon Wednesday, Sept. 17, in celebration of birthdays of the members. Fall meeting plans also were outlined.

Farmers Bank Employees Have Annual Gathering

For their annual picnic Wednesday at Firestone Park, employees of the Salem and Lisbon offices of the Farmers National Bank were guests of the bank.

One hundred people, including officers, employees and their families, enjoyed a ballgame and swimming prior to supper in the evening. Special prizes went to Miss Mary Lou O'Block, Miss Nancy Shaefer and Gardner Rigby.

Denny Family Holds Reunion In Alliance

Members of the Denny family met for their reunion Sunday at the home of Mr. and Mrs. George Brunner in Alliance, with 70 in attendance from Salem, Damascus, Carrollton, Canton, Alliance and Navarre.

Picknicking was enjoyed and games entertained. Miss Betty Denny played accordion selections. Jay Denny of Valley was named president, Franklin Fryogle of Carrollton, vice president, and Mrs. Lee Mercer of Damascus, secretary and treasurer.

Mr. and Mrs. Frank Denny of Damascus and Mr. and Mrs. Donald Kille of Berlin Center comprised the table committee. The family will gather at the same place next year.

Welcome Wagon Enjoys Guilford Lake Picnic

Clewell's Landing at Guilford Lake was the scene of the enjoyable picnic Wednesday afternoon arranged for members of the Welcome Wagon Newcomers Club and their children.

Mrs. Eugene Clewell was hostess to fellow club members at her summer cottage at the lake. Mrs. Roy V. Meyer presided when plans were made for the first fall meeting Sept. 18.

Perry Grange Makes Booster Night Plans

Plans for Booster Night Sept. 24 were made when members of Perry Grange met Wednesday evening at the hall. Five applications of membership were received.

Master Earl Shasteen presided. Mrs. Juanita Swartz is lecturer. A family night and box social were announced for Saturday night in the hall and the regular meeting will be Sept. 3. Mrs. Lester Newhouse, Mrs. Ralph Huston and Mrs. John Van Blaricom were named to the social committee.

The program included a song by the members led by Mrs. Ray Hilliard. Robert Wilde Jr. conducted the roll call on "What I Would Like to See On Our Grange Program."

Robert Shasteen discussed an article on "What Is Ahead for the Next President." Virgil Whinnery led in singing and a quiz on banking was presented by Earl Shasteen.

Fun was provided in a debate held by Mr. Wilde, Mrs. Perry Hilliard and Mrs. Leo Kline (affirmative) and Mrs. Virgil Whinnery, Perry Hilliard and Leo Kline (negative) on "Should Women Dye Their Hair?"

Grange's Committees For Fair Appointed

Worthy Master Emmett Caldwell was in the chair at the meeting of Guilford Grange Friday night when committees for the county fair booth were appointed.

A literary program, arranged by the Vincent, Sanor and Skeel families, was announced by the lecturer, Mrs. Furman Baker. Group singing, "My Wild Irish Rose" and "Let Me Call You Sweetheart," was enjoyed.

Readings were "Me, Jim and Joe," "Kinsman" and "Seeing Things At Night" by Mrs. Thelma Stuart. "Down In The Valley" was rendered by Mickey Lyons, Donna Gault and Betty Sichok. Music was furnished by the Sanor family.

Mary Lou Brinker's Engagement Announced

Mrs. Rollin Brinker of the Leetonia Rd. announces the approaching marriage of her daughter, Mary Lou, to Cpl. William C. Wolz, son of Mr. and Mrs. Robert Wolz of New Waterford.

Custom of open church will be observed at the wedding Sunday, Sept. 7, in St. Jacob Reformed Church. The ceremony will be performed by Rev. E. D. Fager, pastor.

Miss Brinker graduated from Lisbon High School in 1949 and is employed at the Columbiana Dry Cleaners. Cpl. Wolz is stationed at Camp Atterbury, Ind.

Plans For Rest Of 1952 Made At U. C. T. Event

Plans for the remainder of the year were made when officers of the Salem council of the United Commercial Travelers of America met for a picnic supper Wednesday evening at the home of H. Rex Hundertmark on W. Third St.

Charles Kniseley, senior counselor, presided when a stag party was discussed for September and a ladies night affair was planned for Oct. No date were set for the events. The council also will sponsor a bowling team in the service club league this year.

Junior Democratic Club To Hold Picnic Aug. 31

The 31st annual picnic for members of the Salem Junior Democratic Club and their families will be held at Copacia's Lake Sunday, Aug. 31.

The picnic will start at 11 a.m., with lunch to be served between 12:30 and 2 p.m. Contests for persons of all ages will follow the lunch. A dance, from 5 to 8 p.m. is also scheduled.

Salem Man Will Leave For Trip To England

Harold Babb of Vine St. will leave Salem Sunday for New York City and will board the liner Queen Mary Wednesday for a trip to South Hampton, England, and a visit with relatives in London and Plymouth, England.

This is the first time in 31 years that Mr. Babb will see his English relatives. He hasn't seen his cousins at Paignton, England, in 45 years. He will stay with his sister, Mrs. Kate Randall, at Claremont Dr., Pitsea, Essex County, and with another sister, Mrs. Jess Pine of North Field-Lane N. Brixham, Devon, England.

BRIDGE CLUB MEETS

Members of the Welcome Bridge Club met Wednesday evening at the home of Mrs. Eugene Clewell, Guilford Lake. Prizes were won by Mrs. Charles J. Mosher Jr., Mrs.

Ralph Costlow and Mrs. Clewell. Refreshments were served by the hostess.

PROMPT, COURTEOUS SERVICE

"Um, Where Do You Get These Hamburgers?"

A stranger had two of our home-made hamburgers. When we told him that we grind them in our own kitchen he said, "That's the answer. They are the best I have ever eaten." And may we add, everyone we serve is uniform in size.

Reba Mercer Honored At Shower Party

Pastel shades were used in decorating for the bridal shower Thursday evening for Miss Reba Mercer, bride-elect of Lloyd Hardgrove Jr. of Winona.

Miscellaneous gifts were presented Miss Mercer in the shower party in the Wang home in North Georgetown. Entertaining were Misses Shirley Wang and Miss June Zink.

Umbrellas carried out the shower theme in the table appointments and miniature umbrellas, filled with candy, were favors. Mrs. Paul Wang assisted in the arrangements.

Guests from Salem, Damascus, Garfield and North Georgetown brought gifts for Miss Mercer, who will be married to Mr. Hardgrove at 2:30 p. m. Saturday, Aug. 30, in the Emmanuel Lutheran Church.

Custom of open church will be observed and friends and relatives are invited to the reception. Rev. Thomas Hammerton of Winona will officiate.

The bride-to-be is the daughter of Mr. and Mrs. Chester Mercer of North Georgetown and her fiancé is the son of Mr. and Mrs. Lloyd Hardgrove Sr. of Winona.

4-H Club News

Just-Rite

The eighth meeting of the Just-Rite 4-H Club was held Monday at the home of Frank Lang. Work was completed by the members in preparation for the project judging Tuesday morning. Mrs. Lang served refreshments.

It was decided to hold an achievement program for the fathers of the members at the Winona Gun Club Sept. 5. The program committee will meet Monday with Jay Althouse.

Dairy Maids

The Meadowbrook Dairy Maids 4-H Club held its seventh meeting recently at the home of Betty Martig. All members were present, with roll call answered by naming favorite movie stars.

Members of the club plan to have a booth at the Mahoning County Fair in Canfield Aug. 28. A few of the girls will sing on the 4-H program. Cattle, sheep and other animals are being prepared for the fair.

The next meeting will be held at the home of Sara Early.

Supper Entertains Methodist Fellowship

Mr. and Mrs. James Cunningham, Mr. and Mrs. Donald Combs and Mr. and Mrs. Window Church arranged the picnic supper enjoyed by 30 members of the Methodist Church Fellowship Class and their families Wednesday at the Salem Country Club.

Boating and fishing provided entertainment for the informal evening. Plans were made for a square dance Sept. 17 with Mr. and Mrs. Daid Keller and Mr. and Mrs. Robert Aikenhead in charge of arrangements.

Baptist Women's Group Has Sewing Session

Members of the Women's Christian Service League of the First Baptist Church met Thursday morning for sewing. A sack lunch was enjoyed at noon.

In the afternoon a business meeting was held. Devotions were led by Mrs. Walter Albaugh, president. Plans were made for the annual bazaar Nov. 1. A benefit at the American Legion hall will be held Aug. 28 and 29.

The next meeting will be Sept. 11 at the church.

Marriage Licenses

William E. McEldowney, 22, Air Force, and Martha Louise Downard, 23, school teacher, East Liverpool.

Lloyd A. Fletcher, 26, painter, East Liverpool, and Mildred Beadnell, 28, bookkeeper, Salineville.

Mr. and Mrs. Robert Hertz and family of Parkersburg, W. Va., recently concluded a visit with his parents, Mr. and Mrs. Harry Hertz, 1295 E. State St.

THIS TOPS ALL — Lacquered blackbird with earring of marquise diamonds on white duck-feather toque was eye-catcher in autumn Paris presentation by Achille.

SCHOOL DAYS FOR BROTHER AND SISTER will find them dressed in completely washable wardrobes. Junior's trousers, shirt and jacket can all go right into the washing machine. Sister's dress, a brand new mixture of orlon and cotton, with detachable velvet trim—will need little ironing.

Nada Bruderly Becomes Bride Of Harold Pike

Nada Lee Bruderly, daughter of Mr. and Mrs. Oscar Krepps of E. Fifth St., became the bride of Harold Pike, son of Mr. and Mrs. Pike of North Lima, at 5 p. m. Wednesday at the Methodist Church in Salem.

Rev. Thomas Hammerton of Winona performed the double ring ceremony.

The bride wore a blue street-length dress with white accessories and white roses. Mrs. Robert Wilkinson, matron of honor, wore a print dress and yellow roses. Keith Krepps, brother of the bride, was best man.

The bride and groom are graduates of Salem High School. She is employed by the Ohio Bell Telephone Company, and her husband is employed by the F. C. Russell Company of Columbiana.

After a wedding dinner at the Lape Hotel, the couple left for a honeymoon trip to the Skyline Drive and other points south.

CLASS TO HOLD OUTING
Willing Workers Class of the Millville Friendly Community Church will have a corn roast at 7:30 tonight at the home of Mr. and Mrs. Clarence Miller on the Middletown Rd.

Deaf Now Hear Clock Tick!
A new device has been developed to give hope for the hard of hearing. Through the adoption of a new miniature electronic tube, science now brings restored hearing to the deafened.

No more cumbersome batteries or battery cords needed. This new device weighs only a few ounces yet so powerful the hard of hearing may now hear whispers.

It is suggested, if interested for yourself or a friend, write Tone-masters, Inc., Department A, 400 S. Washington St., Peoria, Illinois, for full free information. Ad.

Ressler Family Has Reunion; 82 Present

Seventy-four members and eight guests of the family of J. E. Ressler of E. Third St. comprised those present at the reunion Sunday at Willow Grove Grange.

Mr. Ressler, who is 93 years old, was the eldest member present and his three-week-old great-granddaughter, Kathy Appman, daughter of Mr. and Mrs. William Appman of Wilkinsburg, Pa., was the youngest.

Besides six children living, Mr. Ressler has 36 grandchildren and 54 great-grandchildren, totaling 96 direct descendants. They are also six step-grandchildren and five step-great-grandchildren.

Mr. Ressler had the pleasure of announcing the engagements of two of his grandsons and his oldest great-grandson at the party. Walter Ressler Jr. of Wilkinsburg will be married to Hazel McKinley of Wilkinsburg; William (Bill) Ressler of Wilkinsburg, a boatman's mate third class in the Navy, stationed in Virginia, will marry Edna Stephens of Greenville, S.C., and Ralph Ressler Jr. of Wilkinsburg will be married to Audrey Grey, also of that city.

Damascus

Mr. and Mrs. Kenneth Heston have returned from a vacation trip to Virginia Beach, Wilmington, Del., and a visit with Mr. and Mrs. Robert White of Marion, N.C. Mrs. Maude Cochran of Wilmore, Ky., and Mr. and Mrs. Roy Stanley of Troy.

Pft. Donald Shreve visited his parents, Mrs. and Mrs. Merle Shreve and his sister Mrs. Donald Oswald and family enroute from Fort Leonard Wood, Mo., to Fort Belvoir, Va.

The Damascus Hustlers 4-H Club enjoyed camping at Woodland Lake Wednesday night. Rev. Robert Mosher, leader, accompanied the group.

Mrs. Mary Bell and daughter Donna of Somerset, Pa., called on Mr. and Mrs. Fred Baker Tuesday. Mrs. Bell formerly taught in the Garfield school.

Miss Marian Jenkins of Pittsburgh spent Wednesday with Miss Gladys Haldeman.

Mrs. Albert French and son Charles of Crestline visited James and Miss Mary French Monday.

A safety item was given by each member of the Butler Jolly Workers 4-H Club when they were entertained by Janet Warrington Tuesday.

Hollabaugh-Bartchy Airport On Ellsworth Rd. Opens Sunday

"Open house" at the new H-B Airport located on the Henry Hollabaugh farm on the Ellsworth Rd., about one and one-half miles north of Salem, starting at 2 p.m., will be held Sunday.

The idea of the airport was conceived by two R.D. 4, Salem men, Henry Hollabaugh, 52, and his son-in-law, Gail Bartchy, 29. The men, enthused about flying but restricted in the enjoyment of their hobby by the distance one must travel from Salem to use an airfield, decided to construct a field and hangar which would not only solve their problem but that of other flyers in the same category.

Work on clearing the field was begun in January and completed by May 1. The field is 2,000 feet long and 150 feet wide, with a runway 50 feet wide. The airport operators have applied to the Ohio State Aviation Board for a landing field certificate, an action which will entail the marking of the field on state aviation maps.

North Georgetown

Mrs. Clyde Stackhouse accompanied Mr. and Mrs. George Stackhouse and Miss Stella Stackhouse of North Lima to Cleveland Sunday where they visited Mr. and Mrs. Ralph Mitchell.

Mrs. Samuel Wang attended the Kyser reunion at Dunn Eden Lake Sunday.

Mr. and Mrs. Hugh McPherson and daughter Betty have returned from a vacation trip to points of interest in Wisconsin.

Mrs. Tony Paudin was hostess to members of the Ladies Auxiliary of Volunteer Fire Department Tuesday at the firehouse.

The routine business session was followed by a Bible quiz which was won by Mrs. Ross Boeggrain. Lunch was served.

Mr. and Mrs. Peter Berger and grandson Lee Wyss and Walter Berger and son Dale attended the Whiteleather reunion at Rockhill Park, Alliance on Sunday.

The hangar, a block and concrete structure 60 feet long and 50 feet wide, was finished for all practical purposes July 14, although some "touching-up" still remains to be done. The airport operators plan to rent storage space in the hangar to other area flyers. The structure is large enough to accommodate five aircraft.

Although Mr. Hollabaugh and Mr. Bartchy performed most of the labor connected with the field, they were helped by Mr. Hollabaugh's son, Richard, and two other area men, Chuck Eris and Roger Stille.

Mr. Bartchy is a licensed pilot, having completed his training at Austintown airport Oct. 21, 1951. Mr. Hollabaugh needs only a few more air-hours before he, too, receives his license. The men jointly own a two-seater Luscombe 85. An air show has been scheduled for the "open house" Sunday, if weather permits. Kip Mone, chief instructor at the Austintown airport, will perform a series of air stunts. On hand, also, will be three Piper Cubs and several other planes.

Identify 91 Casualties

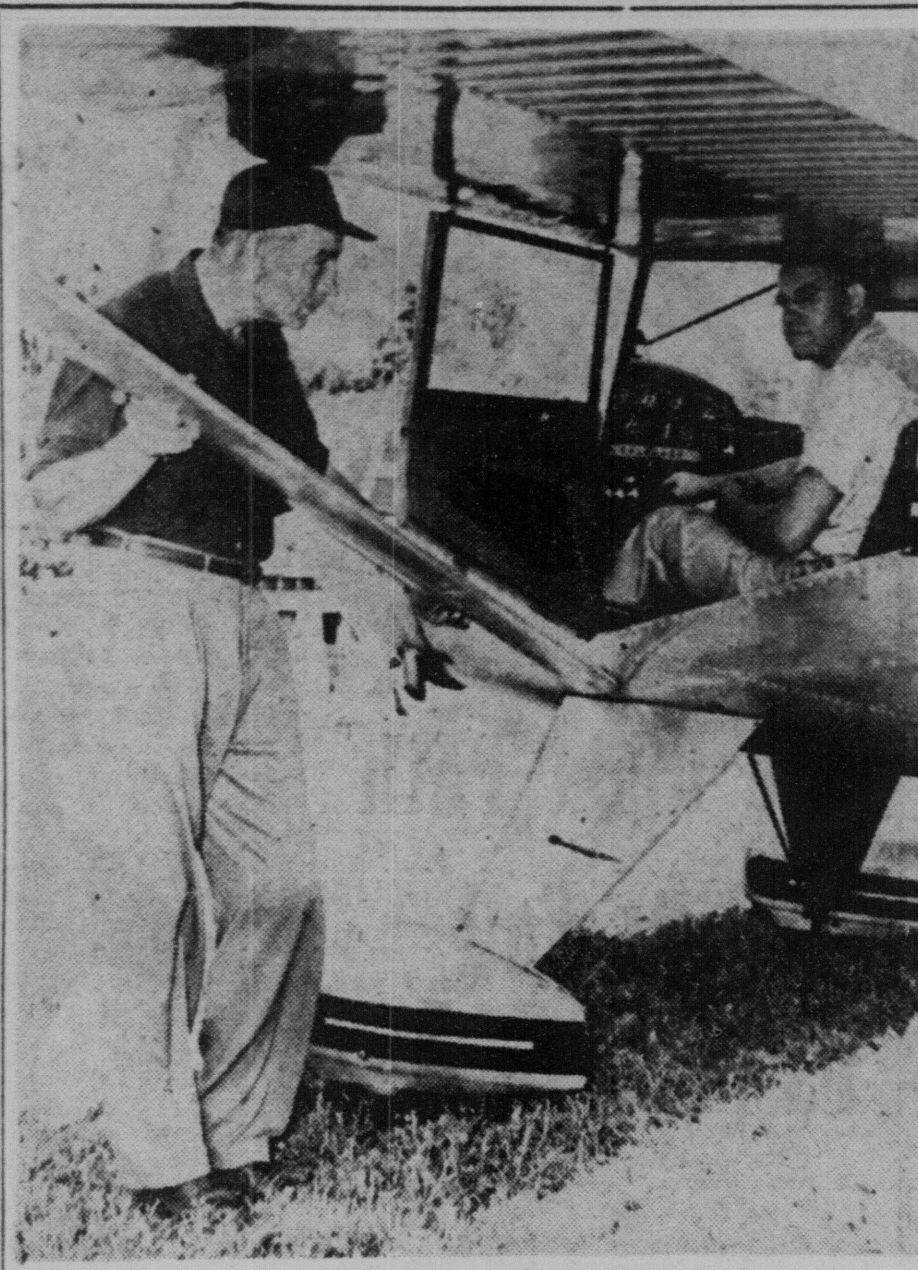

WASHINGTON (AP)—The Defense Department today identified 91 additional casualties of the Korean War. The list included 21 dead, 50 wounded, 13 missing and seven injured.

WORKERS CONTINUE STRIKE

CLEVELAND (AP)—Despite a personal appeal from their union leaders, CIO Steelworkers Thursday night again voted to continue their walkout at Republic Steel Corp.'s 98-inch strip mills. The walkout Monday has idled 2,000 workers. They want work schedules changed and an additional man hired for a pickling line work crew.

KILLED IN COLLISION

CLEVELAND (AP)—Walter J. Herbert, 17, of Berea was killed early today in a two-car collision in suburban North Royalton.

NO OTHER FORM of entertainment will beat flying, and it's cheap entertainment too, say the two RD 4, Salem men who conceived the H-B Airport near Salem. Above, Henry Hollabaugh, standing, converses briefly with his son-in-law, Gail Bartchy, prior to their taking off for a short spin in their Luscombe 85.

Leetonia

Sons Of Italy Plan Annual Basket Picnic

LEETONIA—The annual basket picnic of Leetonia Order Sons of Italy will be held Sunday at Copacabana's Lake, west of the Depot Rd. just south of Salem.

There will be free dancing, swimming and refreshments, games for children and contests for adults. Awards and prizes will be given. All members of the O.S.I. and their friends are invited.

THE LADIES' Auxiliary of the Leetonia Aerie No. 1496, F.O.E., will hold a coverdish dinner at the Eagles' Hall Monday evening at 6:30 o'clock, preceding their regular meeting.

The Ladies Aid Society of St. Paul Lutheran Church was entertained at the home of Mrs. S. Hayes Sittler Thursday afternoon.

Announcement is made of the birth of a son, to be named James Paul, on August 8 to Mr. and Mrs. James Draher of East Rochester. Mrs. Draher is the former Veronica Finnick, daughter of Mr. and Mrs. Michael P. Finnick of Struthers, former Leetonia residents.

Mrs. Ann Godfred has returned to her home after several weeks' visit with her daughter and son-in-law, Mr. and Mrs. George Williamson of Rochester, Mich.

Children Raise \$106 For Swimming Pool

A grand total of \$106 was netted for the Kiwanis Swimming Pool Fund by a group of E. Pershing St. children who staged a successful carnival recently at the home of Tony and Melissa Layton. Another \$25 has been promised.

Besides the Layton children, others participating were Sue Hill, Jackie Julian, Loney Waiwaioli, Don Sebo, Jerry Cosgrove, Ray Yeager, Danny Ferrier, Tim Laubscher, David Brian, Frankie Corso, Glen Thomas, Carolyn Paxson, Joan Franks and Butch Platt.

TWO AUTOS COLLIDE

Cars driven by Carl A. Anderson of Brooklyn, N. Y., and Samuel B. Richards of 1085 Jennings Ave. collided at 3 p.m. Thursday on N. Ellsworth Ave., causing some damage to each auto.

TRACTOR OPERATOR KILLED

SIDNEY, O. (AP)—Philip Brunswick, 43, of near Sidney was killed Thursday when a state highway department tractor he was operating upset in a creek and pinned him underneath. Brunswick had been mowing weeds along Route 47.

Fairmount Home Set For Homecoming

The Alumnae Association of the Fairmount Children's Home of Alliance, which was formed last year has been incorporated into the Fairmount Alumnae Association of the United States. The second homecoming reunion and open house will be held Saturday and Sunday.

Saturday, the program beginning at 1 p.m. will include a ball game, contests, demonstrations of swimming and life saving. At 7 p.m. the band will put on a varied program on the lawn.

Sunday at 1 p.m. a basket picnic dinner will be held on the lawn and all friends of the home and alumnae are invited to bring baskets and join the children for a picnic. In the afternoon, there will be contests as on Saturday, although the program will be varied and a little different than Saturday's.

The Alumnae Association will have a meeting and program in the afternoon. Guests will be introduced. In the evening, there will be another band program with vocal and instrumental solos, quartets, baton twirling and acrobatic acts.

At homecoming last year there were 160 former wards, but this year due to extensive mailing and plans during the year, a much larger group is anticipated. All friends are invited.

Ohio Officer To Be Decorated For Flying

WASHINGTON (AP)—A group of Marines stationed in the Washington area go before their commandant late today to receive medals and citations for action in Korea.

The heroes being decorated by Gen. Lemeul C. Shepherd Jr., Marine Corps commandant include: Maj. William G. Dair Jr., 30—The Distinguished Flying Cross for disregarding darkness, poor visibility, rugged terrain and enemy fire to attack enemy trucks near Hwangju in September, 1951. His parents, Mr. and Mrs. William G. Dair Sr., live at 115 N. Sycamore St., Harrison, O.

Girl Gains Uphill Fight Over Burns

Nearly 476 days have passed since May 14, 1951 when Marjorie Witmer, seven-year-old daughter of Mr. and Mrs. Enos Witmer of the Knopp Rd. suffered severe burns over most of her body when her composition apron caught fire in her home.

The little girl has maintained her cheerfulness through 35 skin grafts and despite all their work in her behalf, the doctors say that it has been Marjorie's courage and faith in God, that has wrought her miraculous convalescence which will lead to her recovery.

Marjorie was a patient in Salem City Hospital from May 14 last year to Sept. 26 when she was transferred to Akron Children's Hospital for advanced treatment. She has been there ever since.

Marjorie has been told she can go home in a month and return to the hospital only for periodic check ups and scar tissue operations.

She stands in a bent position due to scar tissue and has trouble with her right arm due to tissue. It wasn't until she was able to have grafts of her own skin taken that the grafts grew. All of her family gave skin but they didn't grow.

Only once in her long illness did Marjorie lose hope. That was around Easter when she expected to go home and due to grafting was not allowed. After she ran a fever for days and her condition became grave her family insisted that she be told that she could go home as soon as possible. She improved at once and gained eight pounds in six weeks.

REPUBLIC WORKERS RETURN

YOUNGSTOWN, O. (AP)—Republic Steel Corp.'s tube mill shipping department was back in operation today. Some 350 strikers ended a 21-hour walkout Thursday and a CIO - United Steelworkers spokesman said the dispute would be handled through formal grievance procedure. Strikers said the department's general foreman had been reducing the crew.

TWO LEGIONNAIRES KILLED

TEL AVIV, Israel (AP)—An Israeli Army spokesman said today two Arab legionnaires from Jordan were killed and several wounded in a recent clash on the Israel-Jordan frontier.

Garcia, Reynolds Face Today As Tribe Opens Series Against Yanks For First Place Bid

By RALPH RODEN
Associated Press Sports Writer
A month ago the Cleveland Indians were pronounced dead as an American League pennant threat.

Today, the Indians could well recall Mark Twain's famous quotation: "Rumors of my death are greatly exaggerated."

The Indians appeared to be knocked from contention on Black Tuesday July 22 as they dropped a doubleheader to the New York Yankees and fell 7½ games behind the Bombers.

But the Indians never entered the happy hunting grounds. Instead they climbed back into the thick of the race and today they invaded the Yankee Stadium for a two-game series with first place at stake.

Cleveland, trailing the Yanks by one game, could take over the lead by one percentage point by beating the Bombers in the series opener.

Big Mike Garcia (15-8) has been nominated to face the Yanks' Al-

Reynolds (15-7) in the first game. Early Wynn (16-10) is scheduled to go against New York's Vic Raschi (14-3) in the concluding game Saturday.

Showers are forecast for today and if the game is rained out the teams will clash in a doubleheader tomorrow. If both games are rained out the series will have to be played in Cleveland Sept. 14. The next day is an open date for both clubs.

Garcia sports a 3-0 record against the Yanks and will be pitching with four days rest. Reynolds has won two out of five from Cleveland and will be starting his first game in five days.

Both the Indians and Yanks suffered defeats yesterday. The third place Boston Red Sox knocked off the Indians, 4-1, and the Chicago White Sox upset the Yanks, 6-1, to sweep a three-game series. Washington and St. Louis divided a two-

night doubleheader, the Senators winning the first game, 3-2, and the Browns the second, 8-1.

In the National League, the Chicago Cubs impeded New York's pennant bid by splitting a doubleheader with the Giants, winning the first game, 8-6, but losing the second, 10-5. The Mexican standoff kept the Giants seven games behind front-running Brooklyn. The Dodgers' game with Pittsburgh was rained out. Philadelphia and Cincinnati were idle while in the circuit's only night game, St. Louis nipped Boston, 3-2, for its sixth straight victory.

Sid Hudson scattered seven hits in beating the Tribe's "spot pitcher," Steve Gromek. The Red Sox nicked Gromek for all of their eight hits and runs in seven innings.

The Yanks conserving their best pitchers for Cleveland, opened with a second liner for the third straight time and failed. Rookie Tom Gorman was beaten in the first inning and had no one to blame but himself.

Gorman walked home one run and his wild throw permitted two more White Sox players to score. The three runs were more than Billy Pierce required. The ace Chicago left-hander held the Yanks to five hits in gaining his first triumph in six attempts over the world champions.

Spec Shea turned in his 10th victory for the Senators in the first game at Washington. Shea allowed only five hits but was in trouble throughout because of nine walks. The game was held up an hour and 48 minutes in the fifth inning because of rain.

Big Hank Sauer smashed a pair of three-run homers to beat the Giants in the opener at Chicago. The Giants piled up a 6-0 lead but the Cubs scored twice in the fourth and then Sauer went to work. He hit his first homer off loser Larry Jansen in the fifth and then won the game with another three-run blast in the seventh off Hoyt Wilhelm. The homers boosted Sauer's output to 33 and increased his runs batted in to 106.

Skippin' Around

By SKIP GREENISEN

The President's Cup Tournament at the Salem Golf Club will be decided Sunday when Dick "Knobby" Greene and Clyde "Wink" Miller lock horns in an 18-hole match for the title.

Miller holds victories over Steve Ross, Dr. R. T. Holzbach and he gained the finals with a win over Al Moser, 3-2. Greene was awarded two defaults and then beat Bob Schaeffer and Ralph Martin, defeating the latter, two up, to earn his way into the finals.

While talking golf, we might mention Don Albert, Alliance golfer who has been burning up the links recently. Playing in the U. S. Amateur tourney in Seattle, Albert watched his second shot on the ninth hole drop among several evergreens bordering the fairway, and stick him in a tree out of reach.

Albert was leading, one up, at the time and officials in his foursome told him it would cost him the hole if he attempted to free the ball by throwing a club. So, not wanting to lose the hole, Albert was given five minutes to wait for the wind to dislodge the little white ball.

However, the wind failed to help the cause and Albert was forced to return to the tee and shoot again. But all this to no avail since he lost the hole anyway.

After losing the initial playoff game to Lisbon, 7-3, the Salem Merchants came back for two straight victories, 6-3 and 3-1, to gain the playoffs for the Columbus County League baseball championship.

The Negley-East Liverpool series was tight and East Liverpool, which had to fight for the fourth position with a playoff game, came out on top. The Potter City combine took a 4-1 victory during the initial contest. The Negley tallied a 1-0 triumph, scoring the lone run of the game in the last half of the ninth inning. The third and final game saw East Liverpool tally the only run of the game in the top half of the first inning and the lead throughout the other eight innings.

The regular season batting averages saw Kirby Laughlin as the leader with 25 hits in 61 trips to the plate for a .409 average. Pat Mancuso, however, has five hits in ten times at bat for a .500 average while Don Miller and Claire Weingart follow with .390 and .376 averages, respectively.

Other averages include Bob Miller, .358; Dave Kaehner, .357; Duane Loudon, .348; Jim Laughlin, .320; Duane Stanley, .300; Dempsey Baisley, .267; Dick Wyss, .250; and Jack Oesch, .232.

George Reash Jr., who will return to Wittenberg College as a junior this year, has been working out with the Salem High School Quakers. Reash is helping Ben Barrett select a quarterback since last season the two quarterbacks whom Barrett played were seniors. Reash has been handling the quarterback chores for the Quakers and expects to fill the position again this season.

Assistant grid coaches Sam Eridon, Vincent Crawford and John Cabas are on the job for the Quakers and Karl Zellers, appointed assistant basketball and track coach, is helping out with the Salem squad. Each played football both in high school and college and is showing much enthusiasm in preparing the Quakers for their rough ten-game season.

Cleveland's eastern trip leaves many local baseball television fans idle these days, with the exception of today and Saturday afternoon when the games are being televised from New York.

Next month the Tribe opens the month with a game in St. Louis and then plays 17 contests at the stadium before departing to Detroit for a pair of games which will end the season of 1952, unless the Yankees falter and Cleveland takes advantage of it.

HARTFORD, Conn.—Vic Cardell-George Dunn bout postponed to tonight.
SAN DIEGO, Calif.—Jimmy Dunn-Luis Adame bout postponed to tonight.

Second Baseman Has .517 Average

Homeworth's Elaine Freshley Cops Girls League Batting Title

Elaine Freshley, Homeworth second baseman, walked off with the Girls Softball League batting championship for the 1952 season with a sparkling .517 average, 40 percentage points over her nearest competitor.

Playing with the third place team, she batted 29 times and totaled 15 base hits, the most of the league, for her winning average. The Democratic Club's Helen Dora Copacia finished second among the 30 batters of the league who batted .300 or better and played in 2-3 of the games. Copacia batted 23 times and garnered 11 hits for her .478 average.

Third place went to Peg McQuilkin of Homeworth who managed 13 hits in 28 trips to the plate for a .467 average, 11 percentage points behind Copacia. She also led the league in most runs scored with a total of 20.

North Georgetown's Marilyn Hoopes won fourth place honors. She hit .440 with 11 bingles in 25 trips to the plate.

Columbiana's Clara Hartley and Ann DeJane and Erla Burrier, the latter two of the Red Caps, deadlocked in a three-way tie for fifth place with averages of .400. Hartley reked to the plate 20 times and managed eight hits. DeJane collected ten bingles in 25 times at bat and Burrier hit safely 14 times in 35 trips. The latter was second to the leading batter in most hits with 14.

Joan Earley of Kate's Cottage who batted .371 and was the tenth leading batter of the league, had four home runs for the season to lead the league in that department. Democratic Club's pitcher, Grace Miller, was second with three home runs.

Columbiana and the Democratic Club each placed six batters in the top 30 hitters of the league. The Red Caps positioned five. Homeworth and Kate's Cottage each placed four. North Georgetown had three and the Amvets managed two.

Redskins Lose Justice, Coach, Game To Rams

LOS ANGELES (AP)—This is the day the Washington Redskins start over. They lost another exhibition football game last night, but a couple of much more serious things happened to them.

They lost Charley (Choo-Choo) Justice, their offensive star, and their head coach, Dick Todd. Justice broke his wrist, and will be out from four to six weeks.

Officially, Todd quit to attend to his farming interests in Crowell, Tex. Unofficially, there was talk that he and the Redskins' owner, George Marshall, were at odds over the 35-0 beating from the San Francisco 49'ers last Sunday.

Todd's announcement said he asked to be relieved before the world champion Los Angeles team last night. The news came out moments after the final gun. Marshall said a successor will be picked today.

There were reports that the head man's job has been offered to aging Sammy Baugh, starting his 16th pro season. But Baugh told reporters he isn't interested.

Boosters Sell Memberships

Club Donates \$50 To Swimming Fund

Membership sales to the Salem Booster Club were inaugurated today following a meeting last night at the Memorial Building.

Twenty members of the club attended the meeting where Salem High School Coach Ben Barrett discussed the 1952 grid prospects and showed a movie of the Salem-Ravenna game last year.

Fifty dollars was donated to the Salem swimming pool fund by the club and more money will be donated later, depending on the number of sales of the membership tickets.

The tickets were distributed at the meeting and sales began today. Price of the ducats are \$2.

President Jim Jackson said today that the club would meet Sept. 4 for the first report of how the tickets are selling. The other donations to the swimming fund will probably be announced then.

The New York Giants were the best "night" club in the National League last year. They won 28 and lost 13 under the lights during 1951.

Mrs. Frank Goldthwaite, non-playing captain of this year's Curtis Cup team, has won the Southern and Texas Women's amateur golf championships.

HIS GAME IS IN THE AIR—Paul Johanson, University of Washington at Seattle, was literally out on a limb as he is about to play a shot in third round of National Amateur golf tournament at Seattle Golf Club. Johanson's ball (circled) lodged in a branch of a tall fir tree on ninth hole. He climbed a step ladder with his driver in his belt, whacked the ball from the branch, took a six on the hole and went on to defeat Arnold Blum of Georgia, 1 up.

1,700 Marksmen Battle Today For Grand American Handicap

By FRITZ HOWELL
VANDALIA, O. (AP)—More than 1,700 of the world's outstanding marksmen will battle it out today in trapshooting's most unpredictable event and for the game's most coveted championship—the Grand American Handicap.

Shooters from practically every state in the union, Alaska, Canada, the Canal Zone, Cuba and Hawaii are in the fight for the \$1,500 first prize and untold thousands in the optional wagering at the premier event of the 53rd Grand American.

In 52 years no man has been able to win the 10-target classic twice and no woman has ever

triumphed. But it has been won by a 14-year-old boy and a 70-year-old man, farmers, locomotive engineers, highway workers, garage mechanics, fur trappers, gun club operators, oil men and others from all walks of life.

Last year Mike Wayland, 18-year-old Washington, Kan., high school student, shooting in the first squad in a field of 1,682, fired a 99 which grabbed off the big prize. A year ago the youngster fired from 21 yards. But this year he's back on the 23, from where he fired a 93 in Thursday's Preliminary Handicap, dress rehearsal for today's big one.

E. G. Beckey, 45-year-old plant engineer of Rock Falls, Ill., won a five-way shootout to take the Preliminary and thereby probably wrecked all his chances to capture today's classic. Only one man, R. Barber of Paulina, Ia., has ever won the two big features, and he did it back in 1905.

Beckey won probably the cheapest victory in history in the Preliminary, picking up only \$480 as the five who tied for the top prize split the winnings for the first five places. Beckey did not participate in the optional pools in which he could have picked up several thousand dollars for his win.

Tied with him at 98, but beaten in the shootout, were Dr. Carl R. Green, Creighton, Neb.; Coy B. Warner, Mansfield, Ill.; J. W. Baldwin, Wichita Falls, Tex., and J. O. Dudley, Weatherford, Tex.

The Women's Preliminary Championship went to Mrs. Dorothy Kohler, 33-year-old mother of three from Tekamah, Neb. She defeated Mrs. Pauline Oliver, 42-year-old Lubbock, Tex., housewife in an extra event after they tied at 97.

Ronald Mosier, 17-year-old Freshman, Calif., high school student who won last year's Grand American Junior Championship, won the Preliminary Junior laurels with 96 from 22 yards.

Cliff Doughman of Morrow, O., broke 93 from 25 yards to add the Preliminary Professional Championship to the class title he won Wednesday with 200 straight.

Four Remain In Caddie Tourney

Semi-Finalists Square Off In PGA Classic

By KEN DAVIS
COLUMBUS, O. (AP)—Four teenagers with tee talent—two from Ohio, one from California and one from Minnesota—squared off today for a try at \$3,750 in college scholarships in the semifinals of the 1952 PGA-National Caddie Golf Championships.

By tonight, after 36 or fewer holes of play, only two lads will still have a chance at the top prize of a \$1,500 four-year college scholarship and the runner-up prize of a \$1,000 four-year scholarship.

Third place will collect a \$750 two-year scholarship, fourth place a \$500 two-year scholarship. The rest of the field of 68 will split \$2,000 in scholarships.

The role of favorite in the round of four went to Jim Lucius of Northfield, Minn., a jaunty lad with a classy swing who rules the ranks of Minnesota junior golfers from just about any angle you want to mention.

The 16-year-old Minnesota youth is champion of the Minnesota Junior Chamber of Commerce juniors, of Minnesota juniors and of Minnesota high schoolers—as well as being captain of his high school golf team.

Lucius' opponent in the semifinals today—Dick Ryhan Jr. of Columbus, O. failed to qualify from his home district. He took third in the Central Ohio district. So, he was put into the tournament as alternate.

A 17-year-old from a golfing family, Ryhan figures to be tough for Lucius to handle. Dick's father, a city employee, is one of the finest public links golfers in Ohio.

The other semifinal match involves Al Chandler of Los Angeles, Calif., and Ted Leach of Circleville, O.

Chandler not only is a fine golfer, but he's an unusually fine caddie. Many high-ranking amateurs in Southern California take Al with them to tournaments up and down the coast.

Leach is 17 and was a member of Circleville's state championship high school golf team a year ago. He was runnerup in the Central Ohio elimination, defeating Ryhan in a nine-hole playoff after both had posted 138 counts for the 36-hole regular elimination.

The 36-hole final match will be played at Ohio State University's big Scarlet course Sunday.

Thompson To Serve As Browns Captain

HIRAM, O. (AP)—Tommy Thompson will handle Cleveland's end of the coin-flipping Saturday when the Browns open their exhibition season at Green Bay against the Packers.

Coach Paul Brown has named the linebacker to be the pro team's captain for the 1952 season. He succeeds Tony Adamle, another linebacker, who retired and now is studying medicine at Western Reserve.

This is Thompson's second season as a regular for the Browns. The Browns held their final workout Thursday and leave Cleveland by airplane today for Green Bay.

Resume Defense Of Doubles Title

Sedgman, McGregor In Quarterfinal Test

BROOKLINE, Mass. (AP)—Defending titlists Frank Sedgman and Ken McGregor of Australia resume action in defense of their national doubles crown on the Longwood Courts today after sitting out a day of competition which saw no major departure from form.

The Aussies, holders of the Eastern and Wimbledon Championships, meet Straight Clark of Pasadena, Calif., and Luis Ayala of Chile in one of staggered quarterfinal tests.

In the other men's quarterfinal Davis Cupper Herb Flam, Beverly Hills, Calif., and Frank Guernsey of Garden City, N. Y., take on the young Australian sensations Lewis Hoad and Ken Rosewall. Yesterday's quarterfinal play in the other bracket was featured by

a five-set tussle between veterans Gardnar Mulloy of Miami and Billy Talbot of New York and 18-year-old Hamilton Richardson of Baton Rouge, La., and Bob Perry of Los Angeles. The veterans are teen-agers seeded fifth.

Mulloy and Talbot finally prevailed in the contest of youth versus experience, 3-6, 6-4, 9-7, 4-6, 6-4. Vic Seixas of Philadelphia—top-ranked American—and Australian Mervyn Rose gained the fourth quarterfinal berth with a straight sets triumph over a pair of 23-year-olds, Grant Golden of Chicago and Sidney Schwartz of Brooklyn, N. Y., 6-1, 7-5, 6-4.

Middlecoff Leads Fort Wayne Open

FORT WAYNE, Ind. (AP)—Cary Middlecoff of Memphis and Ted Kroll of New Hartford, N. Y., led a sizzling field of par breakers Thursday in the Fort Wayne open golf tournament.

Forty players, including two amateurs, bettered par in the first round in spite of starting in a drizzle. No rain was in sight for today's shooting.

Middlecoff was maintaining his current hot streak that began when he beat Kroll in the Motor City Open playoff at Detroit last Monday. He and Kroll were low scorers Thursday with 6-under par 66's.

Good Time Places Third At Yonkers Pacing Derby

YONKERS, N. Y. (AP)—Good Time, harness racing's richest horse, definitely doesn't like an off track but it's still a good bet he'll have \$300,000 in the bank before the season ends.

The speedy little pacer from Bill Cane's Good Time Stable of Goshen, N. Y., had hoped to be within a few thousand dollars of his objective after Thursday night's \$25-

000 Yonkers Pacing Derby at Yonkers Raceway.

But the heavy going was not to his liking and he wound up third as W. G. Reynolds' Direct Rhythm of Louisville, Ky., picked up the winner's share of \$11,250 and paid his backers \$29.30 for \$2. Prince Adios also caught the favored Good Time in the final strides.

Direct Rhythm, driven by Jimmy Jordan, was clocked in 3:19 for the mile and one-half.

The principal office is located at New York, State of New York, has complied with the laws of this State applicable to it and is authorized during the year 1958 to transact business in the State of Ohio as an insurer of insurance. Its financial condition was by its annual statement to have been as follows: December 31, 1957: Total assets, \$2,978,933.59; Aggregate amount of policies (except capital), including reinsurance, \$1,600,899; Net income, \$175,572.32; Total amount of actual paid up capital, \$600,000.00; Total surplus, \$178,900.00; Income for the year, \$1,340.00; Expenditures for the year, \$1,175,572.32. THE UNDERSIGNED hereby certifies that the above name and caused my seal to be affixed at Columbus, Ohio, this day and date, July 1, 1958.

A. Robinson, Commissioner of Insurance, State of Ohio.

Superintendent of Insurance, State of Ohio.

THE STATE of Ohio, hereby certifies that the TRAVERS Insurance Company, a corporation organized under the laws of the State of Ohio, is located at Hartford, State of Connecticut, has complied with the laws of this State applicable to it and is authorized during the year 1982 to transact insurance business in Ohio. Its financial condition as of December 31, 1981, as shown by its annual statement to have been as follows:

| | |
|--|-----------------|
| Assets: | \$40,844,712.68 |
| Aggregate amount of liabilities (except capital), including reinsurance: | \$61,318,523.15 |
| Net assets: | \$19,166,191.48 |
| Of actual surplus: | \$4,600,000.00 |
| Unpaid losses and claims: | \$15,166,191.48 |
| Income for the year: | \$48,140.14 |
| Expenses for the year: | \$44,031.00 |

IN WITNESS WHEREOF, I have hereunto subscribed my name and caused my seal to be affixed at Columbus, Ohio, this second day of July, 1982.

A. Robinson, Sec'y. of Ins. of Ohio. (Seal) 413

of Ohio, Superintendent of Insurance, Cer-

The State of Ohio, hereby certifies that TRAVELERS INDEMNITY COMPANY, whose principal office is located at Hartford, State of Connecticut, has complied with the provisions of this public law and is authorized during the year to transact in this State its appropriate business of insurance. The amount of its capital and surplus as shown in its annual statement to have been as on December 31, 1951: Aggregate amount of available assets, \$1,000,000; Aggregate amount of liabilities (except capital), \$1,000,000; Reserve, \$908,417.915-24; Net assets, \$37,582; Amount of actual paid-out claim, \$6,000; Surplus, \$1,000,000.00; Total, \$1,000,000.00; Net assets, \$37,582; Total, \$1,000,000.00; Expenditures for the year, \$132,152.12.

IN WITNESS WHEREOF, I have hereunto subscribed and caused my seal to be affixed at Columbus, Ohio, this day and date, July 1, 1952.

W. M. Robinson, Sec'y. of Ins. of Ohio. (Seal 414)

Ohio, Superintendent of Insurance, Cer-

the State of Ohio hereby certifies that **AVELERS INSURANCE COMPANY**, whose office is located at Hartford, State of Connecticut, has complied with the laws of this State applicable to it and is authorized during the term of its franchise to transact in this State its appropriate business of insuring against fire and theft, and that by its annual statement to have been as follows:

On December 31, 1951: Aggregate amount of assets, \$2,100,476,257.12; Aggregate amount of liabilities, \$1,878,931,205.56; Reserve, \$1,872,931,205.56; Net assets, \$221,545,051.57. Annual statement of business for 1951: Surplus, \$1,872,931,205.56; Total, \$1,872,931,205.56; Surplus, \$1,872,931,205.56; Total, \$1,872,931,205.56; Surplus, \$1,872,931,205.56; Total, \$1,872,931,205.56.

WITNESS WHEREOF, I have hereunto subscribed my hand and caused my seal to be affixed at Columbus, Ohio, this day and date, July 1, 1952.

ROBINSON, Supt. of Ins. of Ohio. (Seal) 415

UNITED UNIVERSAL INSURANCE COMPANY,
an official office is located at San Antonio,
Texas; has capital paid up and surplus applicable to it and is authorized during its term
to transact in this State its appropriate
business as an insurer of insurances by or
by its annual statement to have been as
on December 31, 1951: Aggregate amount of
assets, \$27,586,408.94; Aggregate amount of
liabilities, \$27,586,408.94; Income tax pay-
able, \$15,829,872.09; Net assets, \$5,676,
408.94; Amount of actual paid-up capital, \$1,000,-
000.00; Surplus, \$4,676,408.94; Total, \$5,676,
408.94; Expenses for 1951, \$1,000,000.00;
for 1952, \$1,000,000.00.

WITNESSES WHEREOF, I hereunto subscribe-
and caused my seal to be affixed at
Ocho, this day and date, July 1, 1952.
Robinson, Sup't. of Ins. of Ohio (Seal) 416

Chlo. Superintendent of Insurance, Certificate of Compliance.—The undersigned, Supt. of the State of Ohio, hereby certifies that **THE LABORERS' UNION**, a corporation, whose principal office is located at Baltimore, Maryland, and has complied with the laws of this State applicable to it and is authorized during the year to transact business in this State without license of insurance. Its financial condition by its annual statement to have been as follows: December 31, 1952: Total assets, \$15,301,652.52; Aggregate amounts due (except capital), including reinsurance, \$1,152,759.48; Net assets, \$3,718,740.00; Amount of accumulated surplus, \$2,903,893.48; Income for the year, \$29.87; expenditures for the year, \$9,570.

WITNESS WHEREOF, I have hereunto subscribed and caused my seal to be affixed at Columbus, Ohio, this day and date, July 1, 1952.

Robertson S. Smith, Superintendent of Insurance.

Ohio, Superintendent of Insurance, Compliance. The undersigned, Sust. of the State of Ohio, hereby certifies that **BENEFIT LIFE INSURANCE COMPANY, LIMITED** is located at Omaha, State of Nebraska, has complied with the applicable law and is authorized under the law to transact in this State its appurtenant business. Its financial condition is shown in its annual statement to be true as follows:

U.S.D.A. Declares Emergency In Cattle Disaster

By DOUGLAS LARSEN
WASHINGTON (NEA) — One of the nation's worst years for animal disease epidemics has been climaxed by a state of emergency declared by the U.S. Department of Agriculture.

This latest move is caused by a serious outbreak of the swine disease called vesicular exanthema. The epidemic provides another boost to soaring food prices and zooming inflation generally.

The series of animal diseases which has plagued farmers all over the U.S. and disrupted meat packing and marketing centers began with an outbreak of anthrax last winter. Next came an onslaught of the dread foot-and-mouth disease in Canada close to the U.S. border which required sudden and drastic measures in the U.S. to prevent its spread over the whole North American continent.

Now it's vesicular exanthema—called simply "VE."

The total cost in meat loss to the public, loss to the farmers and expense in trying to control these diseases is impossible to estimate at this time, a USDA spokesman says. But he admits it is tremendous. And it could be much worse.

STEAKS YOU'LL NEVER EAT lie in a ditch in Mexico after these cattle were slaughtered to prevent spread of foot-and-mouth disease across U. S. borders. Now experts battle another disease.

if the present emergency measures fail to curb the spread of the diseases.

THE COST to U.S. taxpayers of fighting the foot-and-mouth epidemic in Mexico, to keep it out of the U.S., has now reached \$124,000,000. That's an indication of what such programs can cost.

USDA experts are holding their breath, hoping that their emergency quarantine and quick-kick methods will confine VE to the 16 states in which it now exists.

VE affects only pigs, not humans or other animals. But it is very similar to foot-and-mouth disease. Sores appear on the animal's foot pads; on mucous membranes and on the skin of the snout and nostrils. Death rate is not high, but it shrinks the animal and causes other complications.

Infected or exposed animals cannot be sold as food for humans. Under the emergency regulations they are slaughtered and either burned, buried or cooked into an animal feed supplement.

A plan is being worked out whereby the U.S. and the states will pay farmers for part of their loss. The quarantine prohibits shipment of any pigs out of the

state where the disease has occurred.

VE HAS EXISTED to a small extent in California since 1932, among cabbage-fed pigs. It never got out of that state because California never shipped out any pork or pigs. This summer's spread, however, it believed due to garbage from a cross country train's diner which was stocked with infected pork in California.

Anthrax is very similar to VE, and all animals are susceptible to it. It can also be fatal to humans.

Last winter's outbreak has been traced to infected bone meal imported from outside the country. Before emergency measures checked its spread, animals in a great many states had been infected.

The seriousness of that outbreak lies in the fact that land on which

an infected animal lived or died can never be made completely free of anthrax spores. The epidemic created a vastly increased, permanent threat of anthrax outbreak in the U.S.

This has made the control problem vastly more complex and expensive.

MOST OPTIMISTIC part of the cattle-disease picture is the apparent success of the foot-and-mouth program. There hasn't been a new case reported in Mexico for one year. If this continues, the ban on shipments of cattle and meat across the border will end Sept. 1, 1952. It began in December, 1946.

And if emergency procedures, which were put into effect last March when the same disease broke out in Saskatchewan, continue to be effective and no more outbreaks occur in Canada, the Department of Agriculture may lift its ban on beef imports from there before the first of the year.

However, it did disrupt the whole Canadian-American meat marketing system. And a complicated new system of the U.S. buying beef from New Zealand while Canadian beef goes to England has already been substituted.

USDA officials deny rumors that this year's rash of cattle diseases could be attributed to Communist germ warfare. They claim that they have been able to trace the source of all the outbreaks to their satisfaction.

Hospital Reports

SALEM CITY

Patients admitted: Cheryl and Larry Snyder of Leetonia, Mrs. Orie Galbreath of 780 Jennings, Charles August of Alliance, Mrs. Frank Chestnut of Lisbon, Mrs. John Hull of Salineville and Raymond Sugar of New Waterford.

Patients dismissed: Joseph Speir of Youngstown, Mrs. Robert Cable of North Lima, Mrs. Courtney Pennell of Lisbon, Mrs. Leroy Abels of Lisbon, Mrs. Leonard Baird of R.D. 5, Salem.

Mrs. Paul Garrett of R. D. 4, Salem, William Leffel of New Waterford, Mary Ann Mason of Columbiana, Mrs. Charles Walters of East Palestine.

Mrs. Francis Perry (and son) of Leetonia, Mrs. Daniel DiPanfilio (and son) of Leetonia, Mrs. Vance Stewart (and son) of 769 E. Fourth and Mrs. Voldemars Apinis (and son) of Columbiana.

CENTRAL CLINIC
Patients admitted: Mrs. David Kirby of 613 Ohio, Holly Woodruff of Lisbon Rd., Lloyd Rupp of R. D. 1, Lisbon and Guy Peterson of R. D. 2, Lisbon.

30 Die Of Sleeping Sickness, 500 Others Ill In California

SAN FRANCISCO (AP) — A sleeping sickness epidemic is creeping northward up California's central valleys, borne on the wings of the tiny female mosquito.

Already the Encephalitis has claimed 30 lives and nearly 500 have been reported stricken, the State Health Department reported. Twelve died within the last week.

Atom Plant

Continued From Page One

Improved and time tables changed to meet the pace of new era.

Police forces may be drained of key men because most cities in the area will have to compete with high wages at the atomic plant.

While the AEC says most of the hired help will come from the immediate vicinity, they said the same for Paducah.

Today an estimated 10,000 persons live in trailers in or near Paducah; more than 1,800 new dwellings and a 300-unit housing project have been built without filling the demand for housing.

Another big problem Portsmouth, like Paducah, must face and beat—or lose out on the benefits the plant will bring—is vice; vice brought in by fringe characters lured by easy money.

At Paducah, a "Keep Paducah Clean Movement" was started to combat the problem. It's helped, local authorities say, but every man, woman, and child, native and otherwise must keep on the alert to keep undesirable elements from entering.

Since workers began streaming into Paducah it has led the entire U. S. in gains in retail sales. Merchants are pressed and buried under requests for items that prior to the boom, were seen only in magazines.

Doctors are powerless to check the disease. There is no known vaccine for humans.

The only hope is to kill off the mosquitoes. Hundreds of men are spraying 276 towns in the valley lowlands and then laying down quarter-mile-wide barriers of poison residue spray around them.

The female Culex tarsalis mosquito—common in California—carries the disease from birds and fowl to horses and humans. It is not carried from horses to humans.

A total of 499 cases have been reported to the State Health Department, but only 315 have been clinically diagnosed as encephalitis.

Two blood tests from the patient are necessary to determine absolutely that the disease is encephalitis. In most of the reported cases, the necessary two blood tests were not taken.

Dr. Malcolm Merrill, acting director of the health department, said the disease acts quickly. Those stricken usually recovered quickly or die within 24 to 48 hours.

Dr. Merrill said the epidemic may reach as far north as Shasta County—near the Oregon border—before summer is over. He said, however, that it is not expected to branch out of the interior valleys.

FILM SHOWN AT CHURCH

Raymond J. Jeffreys, author of the book, "God Is My Landlord," presented a film adaptation in a preview showing at the First Baptist Church Thursday evening. Representatives of various churches of Salem and vicinity attended. The story is based on tithing and stewardship.

HEAR LISBON COACH

LISBON — Lisbon High School Coach Edwin Bucher spoke at the weekly meeting of the Kiwanis Club Thursday noon at the St. George's parish Hall.

Obituary

Wilfred F. Barnes

LISBON—Funeral service for Wilfred F. Barnes, 52, of 263 E. Pine St., who died Tuesday night, will be held at 2 p.m. Saturday at the Lisbon Nazarene Church, with Rev. Carlton Jones of Barnesville, former pastor, officiating. He will be assisted by Rev. Frank Brickley. Burial will be in Lisbon Cemetery.

Friends may call this afternoon and evening at the Henry funeral home.

Wall Street

Stocks Hover On Dead-Center Mark

NEW YORK (AP)—Prices hovered around dead-center today in the stock market.

Very few issues moved as much as a major fraction away from the previous close.

Activity was limited all the way around with the volume at a rate near Thursday's extremely low 800,000 shares.

There were a lot of explanations, some more convincing than others, to justify the apathy.

Among them were vacations, approaching Labor Day, week-end evening operations, and others.

Not a single major division did anything more than hold steady or move in a narrowly mixed range.

Higher prices were paid for Sears Roebuck, Caterpillar Tractor, Admiral Corp., Dome Mines, Eastman Kodak, Santa Fe, and Johnson & Johnson. Lower were Douglas Aircraft, Southern California Edison, Dow Chemical, American Tobacco, and United Air Lines.

CLEVELAND PRODUCE

Eggs, U. S. consumer grade, in cases jobbing prices delivered to buyer: Large A white 74-77; brown 73-76; medium A white 69-70; brown 68-69; large B white 64-65; brown 63-64.

Eggs, commercially graded in Cleveland, delivered to buyer large A white 70-73; brown 69-74; A medium white 70-77; brown 69-73; large B white 57-63; brown 57-63.

McCarthy

Continued From Page One

"Gen. Eisenhower has said he is not going to discuss his philosophies in terms of personalities," Mundt said. "He is a Republican and the people of every state are going to nominate their own choice as they should under the American doctrine and he will support the team, as the team will support him."

Mundt noted that the Republican party is composed of varying opinions, adding that Eisenhower may agree with some of McCarthy's views.

"Certainly he finds himself in agreement that he is a Republican like the rest of us and if McCarthy wins the nomination in Wisconsin, as seems indicated, why certainly he will be a part of the team," Mundt said.

The South Dakota senator said Eisenhower's policy will be to support all party nominees.

Salem High Bandmen Will Practice Monday

Members and prospective members of the Salem High School band will begin practice sessions at 10 a.m. Monday at the high school band room, Director Howard Pardee announced today.

All those who can be present at the practice are asked to attend. Marching practices at Reilly Stadium will be scheduled later.

A business-managed, tax-paying electric company

South East Blvd. Homes To Be Seen During Open House

Salem district residents will be given the opportunity to inspect luxury homes in the low-priced field when the Franklin Homes Inc. holds open house from 2 p.m. to 5 p.m. Sunday at its South East Boulevard Section I area facing Franklin Rd. on the eastern edge of the city.

Twelve homes in the project, planned by the Land Planning Commission of the Federal Housing Administration, will be ready in time to be shown to the public during the open house.

Built by a panel fabrication method, the homes in Section I, approved, financed and insured by the FHA, will comprise about one-fifth of the 108 acres of land in the allotment, which is made up of 23 lots.

L. C. and C. A. Phillips, the owners, plan to construct 50 homes this year, with the possibility of building more in the future.

Salem City Council adopted a recommendation May 6 by Carl Abe, chairman of the annexation committee, that the city solicitor be instructed to prepare the necessary legislation for the annexation of the allotment. L. C. Phillips presented the annexation petition.

Plans for the project were made in 1947, but actual construction was not begun until June 15, 1952. Construction has already been started on the boulevard, the allotment's main thoroughfare. Having an 80-foot right of way, the boulevard, which will be wider than Lincoln Ave., will have a 32-foot pavement and curbs and sidewalks.

The boulevard, the center of a network of architecturally designed streets, is planned to intersect E. State St. near Madison Ave. and also S. Lincoln Ave. near the Kaiser-Frazer Sales & Services.

Merle Rd., running east and west off the main thoroughfare, Carole Dr. and Carole Circle are also three streets which have already been cut in Section I. All are 60 feet wide. Other streets and circles are planned.

The entire allotment is bordered on the north by Ridgwood Dr. and Franklin Ave. on the southeast. The new city limits, as fixed by Council, are on the west and south.

City Council recently passed an ordinance accepting a plat of the allotment from S. Lincoln Ave. to Franklin St. for the dedication of a street. Council accepted the dedication of the property for use sometime in the future. It also has adopted a resolution to improve the allotment by the construction of a sanitary sewer in that area.

Attorney Lozier Caplan is in charge of the legal details and together with C. D. Gow, local realtor, is handling the home sales.

All utilities in the homes are of rear-lot construction, with no telephone or electric poles and lines obstructing the frontal view. Sewer, electric, gas and water outlets will be provided in each home in the development.

Landscaping Planned
Systematic planting of trees and shrubbery and lawn landscaping will lend beauty to the allotment.

The Arbaugh Furniture Co. will provide the furnishings to decorate the houses and Williams Appliance will donate the appliances for the Sunday event, giving prospective buyers an indication of proper home decoration and modern conveniences.

The fabrication method used in the dwellings utilizes the cost advantages inherent in factory fabrication while at the same time retains the features of individual design, it's pointed out. Interior appointments have been installed for comfort and efficiency.

One of the outstanding features the homes include is perimeter heating. The system used in this type of heating consists essentially of a continuous duct around the exterior of the house, buried in concrete two inches under the floor level.

Several feeders carry the heated air to the exterior loop from the plenum chamber which is a pair of concrete blocks 22 inches square, and similar in principle to chimney blocks.

Coordinating the heating system with the plumbing is achieved by offsetting the pipe at the kitchen sink. The duct is not placed under the sink cabinet, where it does little to heat the kitchen, but in front of the cabinet out of the way of the vertical waste line.

Other eye-catching features of the homes are lifetime copper plumbing, gas furnaces with thermostats, two to three bedrooms, Kenite floors, blended paint motifs both inside and out, modern flush hardwood floors, enameled kitchen cabinets and Eljer plumbing fixtures.

They will also contain an automatic water heater, a disappearing stairway to the attic, utility room, combination storm and screen doors, weather-stripped windows with full screens, concrete driveway and sidewalks. Each lot is not less than 9,000

SURPRISE!—Iris Anne Fitch (left), a 19-year-old state department clerk, lets out a joyous shout upon being told in Washington that she's "Miss Washington of 1952" and the capital city's representative in the annual Miss America contest at Atlantic City. Jeanine Pryor (right), one of the nine finalists, appears a bit puzzled and maybe a bit disappointed.

square feet in size, with a minimum frontage of 60 feet. Property owners will not have to pay street assessments, the owners state.

Winona

Sunday visitors of Mr. and Mrs. Cecil Bennett were Mr. and Mrs. Ralph Barr and daughters of Akron.

Recent guests of Mr. and Mrs. Alfred Fowler were Mr. and Mrs. William Nichols Sr. of Greenford and Elwood Nichols of Tucson, Ariz. They also visited in the Andrew Zeppernick and E. Y. Gamble homes.

Mrs. Florence Moore and Mrs. Cecil Bennett visited Mrs. Ida Heyn at the Salem City Hospital where she underwent surgery last week.

Rev. and Mrs. Sherman Brantingham recently spent two weeks vacation at Winona Lake, Ind. The family will be honored at the local Friend's Church tonight. Rev. Brantingham, who has been pastor at the church for the past seven years, has accepted charge of a church at Portsmouth, Va. The family plans to move there in early September.

Mr. and Mrs. Lowell Ewing and family have returned from a vacation trip to Erie, Pa., where they visited Mr. and Mrs. Norman Hammer.

Mr. and Mrs. Thomas Brown of Youngstown visited their son, Richard Brown, here Sunday. Among those who attended the Carr family reunion at Silver Lake Park, Alliance, Saturday were Mrs. Joseph Brantingham, Miss Esther Brantingham, Mr. and Mrs. George Brantingham, Rev. and Mrs. Martin Brantingham and Robert and James Brantingham.

Rev. and Mrs. Martin Brantingham spent last week at the Hollow Rock Camp meeting near Toronto. Mr. and Mrs. E. C. Holloway visited her sister and husband, Mr. and Mrs. Walter Livezey at Defiance over the weekend.

Hanoverton

Twelve persons were present when Mrs. Ruth Burford was hostess at a party Monday evening. Mr. and Mrs. Robert Temple, Mr. and Mrs. Kenneth Syx, Mr. and Mrs. George Ford and Charles Thompson attended a family picnic Sunday at the Gerald Syx home in Minerva.

Mrs. Sally Sloss is visiting relatives at Selma, O. Mr. and Mrs. Walter Blythe and Mr. and Mrs. Henry Loudon are vacationing at Madison.

Mr. and Mrs. Alvan Marquis and daughter Wanda, and Miss Betty Pusey of Lisbon are visiting M. P. Jerry Marquis of Fort Monroe, Va. The Sidney Wilson, Milan Mounts and Charles Snyder family attended the Eljer Co. picnic at Idora Park Monday.

Clyde Kuestrick and Peggy and Bonnie Fullum were Sunday guests of Dorothy and Patty Russell of Akron.

Wayne Roach attended the Winder reunion held at Silver Park, Alliance, Sunday. Mrs. Singhaus of Massillon accompanied Mrs. Leland Faloon and Mrs. Dwain Faloon to the flower show held at Salem.

Approximately 60 people attended the Christian Church Sunday School picnic at Minerva Park on Sunday.

Jesse Frost and son of Indianapolis are visiting his parents, Mr. and Mrs. Wilbur Frost.

Mr. and Mrs. Mart Vefnon and daughter of Alliance visited the former's sister Mrs. Ollie Swearingen on Sunday.

Mrs. Nettie Scott of Maynard is visiting with Mrs. Ida Strong.

Mrs. Raymond Sinclair of Caldwell returned to her home after visiting her mother Mrs. Flo Taylor, whose condition does not improve.

Mrs. Margaret Hastings of Canton and Mr. and Mrs. J. W. Robinson of Caldwell were recent visitors of Mrs. Flo Taylor.

Mrs. Myron Ott of Massillon is spending the week with her mother Mrs. Elma Ray.

Mr. and Mrs. Malcolm Rush were recent visitors with his parents, Mr. and Mrs. Will Rush.

Mr. and Mrs. Joe Ford of Waynesburg were Sunday guests with his brother and sister-in-law, Mr. and Mrs. George Ford.

Weekend visitors with Mayor

Many Firms Aid Project

Furnish Supplies For Boulevard Addition

Numerous companies have supplied materials for the South East Boulevard Section I area, being developed by Franklin Homes Inc., L. C. and C. A. Phillips, the owners said today.

They are: C. J. Callahan (trenching), Ellis Coy (spouting), M. H. Miles (masonry work on the foundation), Salem Lumber Co., Chappell and Zimmerman (concrete), Peoples Lumber Co., Gurlea Sand and Gravel, Salem Concrete and Supply, Crawford Electric, Miller Flooring, R. C. Scullion (landscaping), Hindman Contracting and Supply (sidewalks), and Williams Appliance, all of Salem.

Conco Engineering Works of Mendota, Ill., (gas furnaces), The Merryweather Co. of Akron (air duct and chimney), Snyder Brothers of North Lima (drive work), Vaughan Plumbing Supply of Steubenville (Eljer fixtures), Universal Sewer Pipe Corp. of Cleveland, Rohrer Plumbing Supply of Leetonia, Gliden Paint Co. of Cleveland, (outside paint), Durrel Paint and Varnish (inside paint), and A. D. M. Excavation of Lisbon.

The Home Savings and Loan of Youngstown will handle the financing.

Remodeled Offices Can Aid Business

In recent years many large firms and countless small companies have found it profitable to completely remodel and refurnish their working quarters.

The records show that efficient, modern-looking offices have a definite effect on the type of employees attracted to work in these interiors, as well as on the efficiency of their work. Output increases and morale is noticeably higher.

There's no doubt that the old concept of a business office—dull, somber and unattractive—has fallen by the wayside. But many firms still go along with traditional furniture, usually made of wood, which was bought 10 years ago and now is peeling or splintering and often unsafe to use.

An office should be dignified looking, but that doesn't necessarily mean dull. Bright furniture will add color to the room and will be in working condition many years from now.

American Prisoner Of Reds 7 Years Returning

BERLIN (P)—A 60-year-old American who lived through World War II in Hitler's Germany and then spent seven years in Soviet zone concentration camps will be able to return to the U. S. soon.

The U. S. consulate here announced last night that Charles A. Noble, formerly of Detroit, Mich., had been granted a new American passport enabling him to get back home at last.

Noble was caught in Germany by the outbreak of the war. After the fighting ended, he was arrested by the Reds in Dresden and was only released by the East zone people's police on July 4.

Public To Spend Billions For Home Repairs

American families will spend an estimated \$3,350,000,000 to \$3,900,000,000 on home repairs and redecorating in 1952.

That total will be expended on the nation's nonfarm houses for painting, roof repairs, bathroom tiling and other modernization, and will provide an important part of income to the entire construction industry, according to estimates released by the Tile Council of America.

Sums spent on various types of work vary from one section of the U. S. to the other, but the council estimates that, on a national basis roughly \$25 of every \$100 in home repairs will go for painting, either interior or exterior. Another \$25 will be spent on replacing or repairing heating equipment, and about \$15 on new roofing or roofing repairs.

Carpentry repairs will take about \$6 of every \$100 spent this year on home repairs, and the same amount will go for installing tile in old baths, adding shower fixtures and replacing or repairing of plumbing. Papering, electrical work, repairs to foundations and walls and miscellaneous repairs, will take the balance of the statistical \$100.

OHIO EDISON DIVIDEND

A quarterly dividend of \$1.10 a share on \$4.40 per cent preferred stock and 97½ cents a share on \$3.90 per cent preferred stock, payable Oct. 1, has been declared by the Ohio Edison Co. board of directors. Common stock dividend is 50 cents.

CIO Steelworkers Hike Murray's Pay

PITTSBURGH (P)—The CIO United Steelworkers has given its president, Philip Murray, a pay raise from \$25,000 to \$40,000.

Other top officials of the million-member union also got raises from the USW executive board which ended a two-day session here Wednesday.

Murray was said to have asked a smaller raise, just enough to maintain the \$5,000 difference between his pay and that of the union's other two international officers.

They are James G. Thimmes, vice president, and David J. McDonald, secretary-treasurer, each of whom was boosted \$10,000 to \$25,000 a year.

Murray, who draws no salary as president of the CIO, will pay \$12,956 a year income tax on the \$40,000.

Luxury Homes In The Low Cost Field

2 Of The Basic Floor Plans

These homes were scientifically engineered by Highland & Highland, Buffalo, New York, outstanding architects and consultants for housing projects.

Sales and Future Planning of Franklin Homes by Attorney Lozier Caplan and C. D. Gow, Realtor.

The cost of these attractive homes can be less than you may now be paying for rent. You can easily finance them on a budget that fits your present income.

In a rapidly changing world such as ours, personal attitudes and trends change to keep pace. Since modes of living change, there is an expressed desire to stress security. Now when you are considering owning your own home, to build that security and equity for yourself and your family, you are equally responsible in placing your money in the very soundest investment you can make. Your future depends upon it. When you buy a Franklin Home, you can feel proud of its leadership in the residential field—your home will be an asset to any neighborhood—the architects and builders have gone to great detail to express careful planning, together with excellent workmanship and careful construction, with the aim of giving you the home value you can afford.

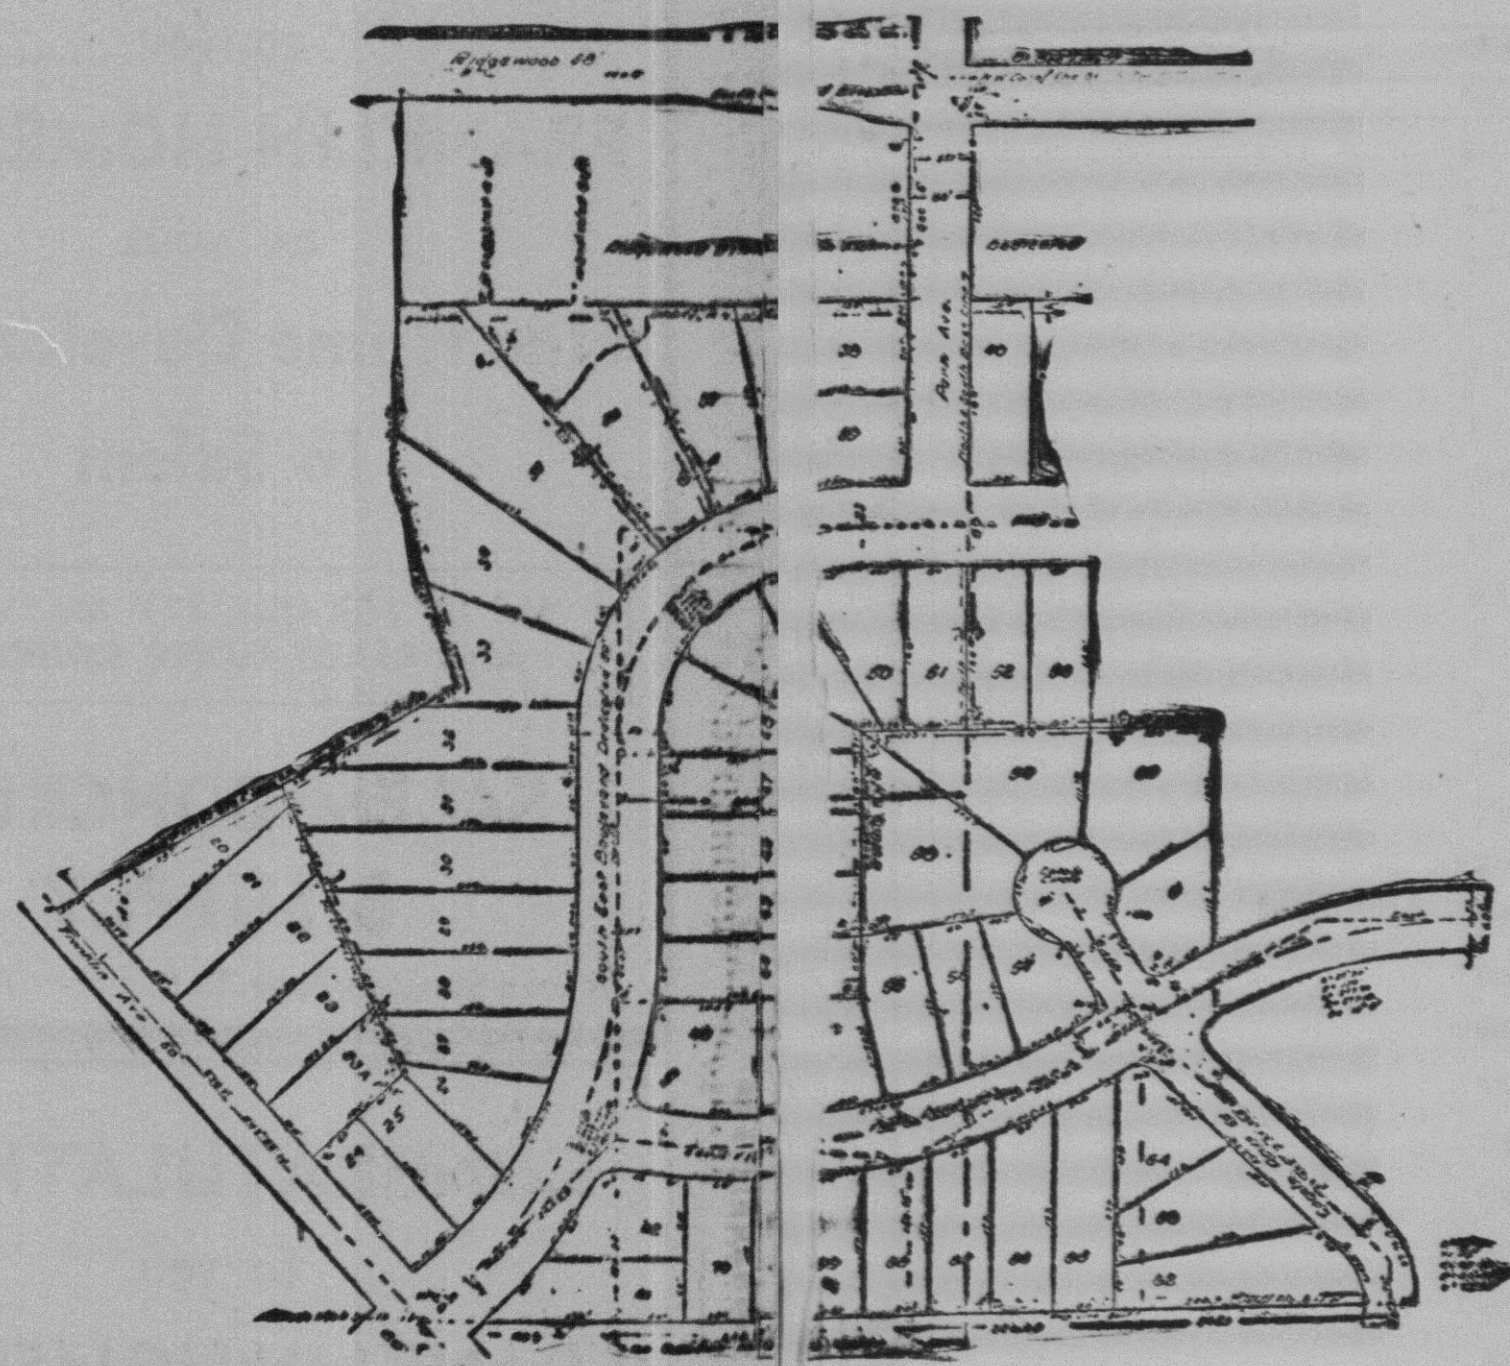

The Franklin Home offers many cost advantages to anyone who plans to build. It offers lower costs to the home-owner due to planned construction and the efficient use of materials and labor—the results of these control methods offer quicker building time — this saves you time and money you might otherwise spend in doing the job yourself.

These fully approved homes can hardly escape the consideration of the prospective home owner. The facts are before you — you can hardly reject an offer that assures you a new, quick way to own a distinguished home — but — the time to act is now! The opportunity is here now!

Pick out your lot now and be assured of your future home security in Salem's finest and newest Home Project Plan. Consider all the possibilities and advantages this fine project can offer you. The choice of yours—decision is left up to you—complete detailed methods have been worked out to fulfill the home-owner's dreams. If you realize the sense of security to own your home, this planned development will be your choice. Plan for the future—choose the lot of your choice. A Franklin Home can be your dwelling place!

Roving Reports By HAL BOYLE

NEW YORK (AP) — When Wilbur Peble came home from work, his wife, Trellis Mae, met him in cold resentful silence.

"What's troubling you, my little chickadee?" he asked playfully. "Somebody put sand in your bird seed?"

"Oh, don't bother your big head about me," said Trellis Mae, and flounced out into the kitchen to finish dinner.

Wilbur sighed and held his peace.

He knew that whatever the matter was, he would hear about it later. And sure enough he did—after they had eaten and he was seated comfortably in his favorite chair, trying to read the sports page.

"I'll tell you what's wrong," Trellis Mae said suddenly. "You lied to me—that's what!"

"Lied to you?" replied Wilbur, wondering (like any husband) which lie she meant. "How? . . . When?"

Congratulations to You!

We Wish You Success

LADDERS often pose a storage problem around the house. If you have exposed ceiling joists in your garage, it is easy to hang the ladders out of the way of the car and garden tools. The American Builder, home builders' trade publication, suggests installing hangers as shown above—one in a fixed position and one swinging to lock the ladder in place.

Radio, TV Notebook

By SYD KRONISH

NEW YORK (AP) — Secretary of Commerce Charles Sawyer will appear on the CBS radio network "Capitol Cloakroom" tonight at 10:05 p. m. Sawyer will discuss the economic outlook and defense production with news panelists Griffing Bancroft, Bill Costello and Ron Cochran.

The "Summer Theater," which has been seen for the past several weeks at 10 p. m., EDT, each Sunday, reverts to its original time slot this Sunday, Aug. 24 over NBC-TV at 4:30 p. m. The half-hour dramatic series using producer Albert McCleery's unique arena-style technique, will continue at 4:30 p. m. on Sundays hereafter.

Sunday's play, "Crabapple Saint," tells the story of the famed Johnny Appleseed legend.

On the air tonight:
NBC — 7:45 One Man's Family

Immigration Office To Destroy Ohio File

CLEVELAND (AP)—The Cleveland immigration office said today it has been ordered to destroy a card index containing nearly a million names of naturalized citizens in an area bounded on the east by Erie, Pa., south by Youngstown, O., and west to Sandusky, O.

Floyd E. Ault, immigration chief here, said he had received such an order from his superiors in Washington, but declined to discuss the reason for it.

He said the order was general, and not confined to Cleveland alone.

The index was compiled by the old WPA. The project was set up over the entire nation to ferret out all existing naturalization records from all courts. The cost has been estimated at more than a dollar a name.

For the Cleveland area, the only immigration records remaining are those in federal courts and in the central immigration files in Washington.

Patrolman Sleeper Proves Wide Awake

ALBANY, N. Y. (AP) — No sleeper, he. Patrolman Warren Sleeper spotted an automobile that had traveled from Illinois into Canada and through several states without license plates.

Wide awake Sleeper arrested the driver.

North Benton
